Intro to Art - Simpson

Dear Donors Choose,

Thank you for donating the drawing journals to our art class. We are incredibly thankful for this donation. We hope you continue to donate to us. These art journals have been a great help and continue to help us create good habits and become better artists. We greatly appreciate the kind donation you have done for us. We want you to know that the journals inspire us to get to our creative side and draw what we feel and what we like.

My experience with the drawing journal has been great. I have been able to keep myself accountable and create a good habit. I have noticed my drawing skills improve which I'm proud and happy to see. Sometimes I would forget to draw one day or not have the motivation but it usually had to do with my mood. I tried pushing myself to the limit and doing my best to get the drawings done with as much effort as possible. It was nice to just let go and have time to myself to just draw. It was a way of self-care and relaxation for me to draw. I drew what I love such as different types of flowers, butterflies, and houses. I even tried to get out of my comfort zone and draw things that I'm not used to drawing or struggling with to draw such as drawing people.

Sincerely,

C.R.
