

# ART

Period 5  
Sofia Valdez

## **RAPS**

These are drawings the class would warm up with before class.

## **ART PRODUCTION**

Art i made within the class including different materials.

## **NEARPODS**

Slides about art I got to learn from.

**RAPS**

# RAP 3- What is beauty? 9/1

# RAP 11 - Draw something invisible

# RAP 15 - Draw a Juan Miro' story

## RAP 16 - Design a Juan Miro plush toy

# Rap 27 - Draw something elaborate

# Rap 28 - Draw your personality

# Rap 31 - Draw a throne

# Snowglobe Drawing

8/22

# Pandora's Box (Toy Teeth) 9/24

# Shantel Martin 8/29

# WHATCHAMA Draw It

## 8/30

- Draw an animal that has a dog head, bunny ears and kangaroo body
- Draw a creature with a zebra head. Broccoli body and banana feet
- Draw a tiger wearing sunglasses riding a skateboard
- Draw a baseball player holding a tennis racket chasing a mouse running up an anthill

**Exquisite Corpse in  
figure 8/30**

## Exquisite Corpse in Collage 9/9

# Shape Figures (geo & org) 9/30

# Shape figures (watercolor) 10/7

# Juan Miro Painting 10/28

Many things in life contain colors but colors can come from mixed colors. Not only that but certain sounds or objects can be colorful without having much color. Such as music, or any ordinary thing in anyone's everyday life. In all the chaos, there's beauty.

# Blackout text (non color and with color)

10/24

# Barbara Kruger 11/4

**Saul Steinberg  
Bag Mask 11/10**

# My Own Personal Doodles

# Drawings pt 1

## Drawings pt 2

11.7.22

11.15.22

## Drawings pt 3

## Rap 34- Draw cheerful

I couldn't decide which part in my life makes me most cheerful so I did a little guy showing cheerfulness like myself. Whenever i am cheerful I always find myself laughing hysterically for the dumbest reasons.

## Rap 36- Draw a book that inspires you

My two drawings represent the Harry Potter franchise which I watched growing up. It's part of my childhood which made an impact such as doing better when life gives you hard obstacles.

# Rap 38- Draw water circulating

Water circulating for me was from a source containing all to most of it.

## Rap 39- Draw your poison

I chose a gremlin because I have an inside joke with this guy I fell for. He is my poison because he does have many cons to him but I always see myself choosing him. (I look back on this more recently and I think of the poison as being something I longed for but found out there was better.)

## Rap 42- Draw a flying machine with shadow

I chose to draw Mr. Fredrickson's house from the movie "Up" because the balloons helped lead the house to where they needed to go. Also because I grew up watching "Up" which gave a nostalgic feeling.

## Rap 48- Draw a life saver

Rap 48- Draw A Life Saver

I tried my best giving the most realistic drawing of my lifesaver. I grew up from my grandpa always offering me different colors of life savers.

## Rap 49- Draw an object with dots

I love butterflies so I wanted to draw a butterfly full of dots as a inspiration of an artist we learned about who would categorize her work around polka dots.

## Rap 54- Draw your fav album cover

I didn't want to draw a cover of a human and preferred something like the Doomsday cover. Plus i love MF DOOM AHH. This is one of my favorite albums to listen to and thought it would be a fun experience.

## Rap 55- Audubon Bird Drawing

I did enjoy viewing other birds but this one in specific had many different colors which seemed good practice to work with. It caught my eye because I normally don't see birds with this many colors.

## Rap 56- Draw what you can't live without

I drew these two things because I LOVE both of these so much. Especially eating wingstop while watching south park, its chefs kiss. It's such a funny dumb show mixed with really good wings.

# Rap 57- Draw a stairwell graphic for NAHS

Puma is our mascot so I thought to draw a puma staircase as a tribute.

## Rap 58- Draw the tongue of a woodpecker

I never knew woodpeckers had unique and long tongues, this RAP gave me the chance to notice this.

# Rap 60- Draw the purpose of art

I chose this piece because it reminded me of the song “Heartless” by Kanye.

# Rap 61- Unite object with animal

I thought of a octopus to represent a hot air balloon because they have somewhat similar features.

## Rap 62- Draw who is in your head.

I drew an app I use with a bunch of my favorite people with many different games.

# Rap 63- Draw money with your idol

I decided to draw a southpark dollar bill because I do watch the show a lot and they have showed many funny situations just trying to make money.

## Rap 64- Draw What You See

We were looking at a film in class and I saw totoro so I thought to draw him because he was a new animal/friend that I don't see everyday.

## Rap 65- Create Totoro implied texture art

Totoro was already animated so I textured the parts that stood out to me the most. Such as the leaf on Totoro.

## Rap 68- Draw your voice

I incorporated despicable me into my “voice” because minions have a funny language I like to mimic from time to time. Not only that but throughout the movies, there are certain things I do the same as they do or we both like the same things.

## Rap 69- Draw a portrait w scissors

This piece was very challenging to work with but I drew my eyes tinier than they normally are because whenever I smile my eyes turn into upside down “U’s”. I added my red hair as well as a background (gate of the school.) I even added my little fancy earrings I love wearing. The black in the picture is how I wish my hair looked like on the inside, both red and black.

# Rap 70- Draw a borderlands narrative

I know at the border, everyone is there for different reasons so I drew everyone in different automobiles as well as people on the side doing different things. Such as a little girl blowing bubbles. Plus, it can get very crowded and hectic.

# Sphere Pencil Drawing/ Values

# Sphere- Charcoal Drawing/Values

# Printmaking- Valentine

# LEGO Construction

# YING-YANG- Pos+Neg Balance

# NOTANS- Pos+Neg Space

# LANDSCAPE- Space and Scale

# NOTANS- Climate Change

# Hand with textures

## Fruit with value & texture

# Embroidery: Totoro

I got the chance to try embroidery with my grandma which took longer than class time but I came out with better designs.
