The Island Green Community Services Association (IG-CSA) is hosting a Meeting on Monday March 18 @ 6PM for which we are asking each HOA to ensure that a board member(s), management company employee and/or authorized

The reason for the meeting is to discuss the ability of the IG-CSA to continue to provide services to the residents of Island Green. Unfortunately, several HOAs have recently decided to withdraw their financial support for the Island Green community through the IG-CSA.

The meeting will be located at 455 Sunnehanna Drive, Myrtle Beach, SC 29588. This is the building that is currently the home of Arms Wide Open Church, it was previously the amenity center. This is also the building where the Island Green mailboxes are located.

The goal is for the representatives who attend the meeting to bring back the updates and information to your HOA for internal discussions. The IG-CSA wants each HOA to have the opportunity to provide their recommendations and feedback to which of the available options the IG-CSA should implement as to the future of the services provided for the Island Green community. The meeting on Monday March 18 at 6PM is an opportunity to provide detailed and accurate information and to answer questions.

If you are a board member, management company employee and/or authorized representative for your HOA who plans to attend this meeting on Monday, please RSVP by reply to this e-mail.

We are asking all Island Green residents who receive this notice to contact your HOA leadership & management to ensure that representation is provided at the meeting and that you have a voice within your HOA as to the future decisions that will impact all residents of Island Green.

Thank you for your support.

Island Green Community Services Association
