Res	ults of Screening Questions
!	 If you answered "YES" to any of the symptoms included under question 1: Contact the school/child care to let them know about this result. You should isolate (stay home) and not leave except to get tested or for a medical emergency. Talk with a doctor/health care provider to get advice or an assessment, including if you need a COVID-19 test. Household members without symptoms may go to school/child care/work. Check your local public health unit's website or call to see if they have different rules based on local risk.
•	 If you answered "YES" to question 2 or 4: Contact the school/child care to let them know about this result. You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency. Follow the advice of public health. You can return to school/child care only after you are cleared by your local public health unit. Household members without symptoms may go to school/child care/work. Check your local public health unit's website or call to see if they have different rules based on local risk.
!	 If you answered "YES" to question 3: Contact the school/child care to let them know about this result. You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency. Talk with a doctor/health care provider to get advice or an assessment, including if you need a COVID-19 test. You can return to school/child care only when you are cleared by your local public health unit, regardless of test result.
•	 If you answered "YES" to question 5: Contact the school/child care to let them know about this result. You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency. Visit an assessment centre to get a COVID-19 test. Talk with a doctor/health care provider for more advice. If you answered "NO" to all questions, you may go to school/child care.
Ans	blic Health Ontario - Contact Tracing swering these questions is optional. This information will only be used by Public Health officials for ntact tracing. All information will be deleted in 28 days.
