

HOPPERHACKS

MARCH 23, 2019

@ FACEBOOK

1 Hacker Way, Menlo Park, CA 94025

SPONSORSHIP PROSPECTUS

hopperhackathon2019@gmail.com

WHAT IS HOPPERHACKS ?

HopperHacks is a 12 hour all girls hackathon run by Saint Francis High School's Girls Who Code club. It brings together students across the Bay Area who work to solve problems and challenges which exist in our world today. This event will take place on March 23, 2019 on the Facebook campus. We estimate to have approximately 100 students attending our event.

WHY SPONSOR HOPPERHACKS ?

HopperHacks is organized by a team of highschool student, all of whom are passionate about computer programming. HopperHacks is taking a step forward towards ending the gender gap in the technology field by promoting women's involvement in STEM. If you choose to sponsor us and contribute to our cause, you will help encourage young girls to get engaged in a field dominated by men. In addition, sponsoring HopperHacks will give your company the opportunity to advertise its brand to a new generation of leaders.

WHERE WILL YOUR MONEY GO?

The money provided will be directed towards financing swag, prizes, and any other items needed to make HopperHacks a success.
