Why did Mozart hate all his chickens? When he asked them who the best composer was, they all replied, "Bach, Bach, Bach."

Today I made a decision to go to my childhood house. I asked the residents if I may come inside because I was feeling nostalgic, however they refused and slammed the door in my face. My mother and father are the worst!

The other day my wife asked me to pass her lipstick, but I accidentally passed her a glue stick. She still isn't talking to me.

CARRIE AGUILLON

The man asked an old rich man how he had made his money. The old guy fingered his worsted wool vest and said, "Well son, it was in 1932, depth of the Great Depression. I was down to my last nickel. I invested that nickel in an Apple. I spent the entire day polishing the Apple and at the end of the day, I sold the Apple for ten cents. The next morning, I invested those ten cents in two Apples. I spent the entire day polishing them and sold them at 5 pm, for 20 cents. I continued this system for a month. By the end of that month, I had accumulated a fortune of \$1.37. Then the old man paused, cleaned his glasses, and put them back on and looked the young man straight in the eyes, "Then my wife's father died and left us two million dollars."

Money can't buy happiness, but it can help you look for it more quickly in a convertible.

And then there was the man that went through an intersection and the traffic camera light flashed. He knew he had not been speeding so he slowed down, made a U-turn and drove through the intersection again. The camera light went off. Five times he did this and each time the light flashed. He thought it was pretty funny until two weeks later he got five tickets for driving without a seatbelt.

Two friends are talking: "My doctor told me I must stop playing football." "WHAT? Is he sure? Did he examine you properly?" "Not really. But he did see me playing!"

I swear, the other day I bought a packet of peanuts, and on the packet, it said, "may contain nuts." "Well, YES! That's what I bought the buggers for! I'd be really annoyed if I opened the package and a socket set fell out!"

A man and wife were both in an Internet business, but it was the husband who truly lived, ate, and breathed computers. His wife finally realized how bad it had gotten when one day she was scratching his back, and he said "No, not there, Scroll down a bit!"

One day a mom noticed that when her son was logging onto a favorite website, he typed a very long password. She asked him what it was, and he replied, "MickeyMinnieGoofyPluto." She asked him why he would use such a password. "Because" he explained, "it says your password has to be at least four characters!"

The teacher growls at little Johnny, "Is that bubblegum in your mouth? In the trash can! Right now! Little Johnny," and the bubblegum to!"

A guest is ordering at a restaurant, "Do you think you can bring me what that gentleman over there is having?" The waiter looks at him sternly, "No sir, I'm very sure he intends to eat it himself!"

Well, is it true that humans eat more bananas than monkeys just as recent research suggests? I agree because I can't remember when last I enjoyed eating a monkey.

THOUGHT
FOR THE DAY

One day Dylan Wolfe went to play golf at a different golf course where no one knew him, just to get away and see if he could do better elsewhere. He hired a caddy to guide him around the course. After another day of slices, duff shots, and misread putts, he was obviously upset. He turned to the caddy and said, "You know I must be the worst golfer in the world." "No, sir, "the caddy comforted him." I have heard there is a guy named Dylan Wolfe from across town who is the worst player in the world!"
