A God-fearing man was close to death in the hospital, so his family called in a priest.

As the priest stood by the bed, the man's condition seemed to deteriorate and he motioned frantically for something to write on. The priest handed him a pen and paper and he quickly scribbled a note.

No sooner had he finished writing than he died. The priest left the note unread for most of an hour while the family came to terms with their grief.

As he prepared to leave the hospital, he said, "I think now would be an appropriate time to read Bill's last note. It was obviously something which meant a lot to him, something he felt a need to say."

The priest opened the piece of paper and read aloud, "Hey, you, you're standing on my oxygen tube!"

TUMBLEWEEDS ARE ALIENS!

We naturally think that tumbleweeds are natural to the West. Actually they were brought to this country by Ukrainian farmers. They are actually Russian thistle bushes. They first appeared in South Dakota and are an invasive species.

Even today the tumbleweeds cover homes and can cause fires. Some even grow to 6 ft tall.

They can even close a highway when so many of them congregate in one area.

A teacher gave her fifth grade class an assignment: Get their parents to tell them a story with a moral at the end of it.

The next day, the kids came back and, one by one, began to tell their stories.

There were all the regular types of stuff: spilled milk and pennies saved, blah, blah, blah...

But then the teacher realized, much to her dismay, that only Janie was left.

"Janie," she asked, "do you have a story to share?"

"Yes. My daddy told me a story about my Mommy. She was a fighter pilot with the Marines in Syria. Her aircraft got hit by enemy fire and she was forced to bail out over enemy territory. All she had was a flask full of whiskey, a pistol, and a survival knife.

"She drank all the whiskey on the way down, in case it got confiscated by Muslims, and her parachute landed her right in the middle of 20 ISIS fighters.

"She shot 15 of them with the pistol, until she ran out of bullets, killed four more with the knife till the blade broke, and then she killed the last ISIS fighter with her bare hands."

"Good Heavens!," said the horrified teacher. "What did your Daddy tell you the moral of this horrible story actually was?"

"Stay the heck away from your mother when she's been drinking."

A fellow was walking along a country road when he came upon a farmer working in his field. The man called out to the farmer, “How long will it take me to get to the next town?” The farmer didn’t answer.

The guy waited a bit and then started walking again.

After the man had gone about a hundred yards, the farmer yelled out “About 20 minutes!”

“Thank you. But why didn’t you tell me that when I asked you?”

“Didn’t know how fast you could walk.”

HANNIBAL AND FELIX

Hannibal is an intrepid reporter for the Catspaw Daily
News and talks to Felix every day to find out what's
happening in the local feline scene.

My family hates
me, Hannibal.
What did you do?
I thought the piece
of meat left on the
table was for me.

It's the World Series, and a man makes his way to his
seat right next to first base. He sits down, noticing that
the seat next to him is empty. He leans over and asks his
neighbor if someone will be sitting there. "No", says the
neighbor. "The seat is empty."

"This is incredible", said the man. "Who
in their right mind would have a seat like
this for the World Series and not use it?"

The neighbor says, "Well, actually the seat belongs to
me. I was supposed to come with my wife, but she passed
away. This is the first World Series we haven't been to
together since we got married."

"Oh, I'm so sorry to hear that. That's terrible. But
couldn't you find someone else, a friend, relative or even a
neighbor to take her seat?"

The man shakes his head. "No", he says. "They're all at
the funeral."

The Mighty Chihuahua

Ever notice how many people are carrying around tiny Chihuahuas? They are adorable dogs and bring out parental feelings. They are so dependent and need our protection. The

thing is, most people think they are a mean little dog, but just like their bigger siblings it depends on how they are raised and what discipline they have had. They need affection and socialization to cultivate their characters.

The reason these little dogs have gotten a bad reputation is fear. They have an instinct to attack that which is fearful before that person or animal attacks them. As they are made to feel secure and safe, that instinct is less of a problem. When they trust their environment and the people they deal with, feelings of fear are rare. Chihuahuas are the ultimate housedogs. They can get enough exercise indoors but do enjoy a walk on a pretty day.

Small dogs as a rule do not like to chew to clean their teeth, but it is important to find them something they like or you will be doing dental work on a regular basis or they will lose their teeth. High quality biscuits are a good treat because they do scrape tartar from the teeth.

Be careful if you have other animals in the house. Sometimes cats can be a friend but be careful with them. If they get into a fight, the claws of that cat can damage those cute buggy eyes. Also if you have a little fuzzy animal, hamster, pet rat, birds, lizard, etc, a small dog could see these other pets as prey.

We already know that Chihuahuas do not realize how small they are. Keep your pet close to you and watch that they don't get loose. More than 7 million dogs die every year from accidents encountered while roaming free. We could cut that number if we were more careful to keep our animals contained. These little animals don't need freedom to make them happy, they just need you and your attention.

Food is another issue, hopefully high quality. Just like a small person gains weight easier, a small dog gains weight very easily if his intake isn't carefully watched. Too much of anything is bad. Carrots make a good treat with no

calories and other vegetables as well. Table food is especially bad since it is chock full of fat and calories.

They are good little beggars and learn quickly that you will reward him if he won't leave you alone, so you have to stop it right from the beginning. Also dogs do better when they are fed the same brand of

**Dear God,
Please help our
friends in shelters**

To God: From The Dog:

Dear God: Why are there cars named after the jaguar, the cougar, the mustang, the colt, the stingray and the rabbit, but not ONE named for a dog? How often do you see a cougar riding around? We do love a nice ride! Would it be so hard to rename the "Chrysler Eagle" the "Chrysler Beagle"?

Why do humans smell the flowers, but seldom, if ever, smell one another?

When we get to heaven, can we sit on your couch? Or is it still the same old story?

More meatballs, less spaghetti, please.

Are there mailmen in Heaven? If there are, will I have to apologize?

DID YOU KNOW?

Only a 100 years ago people used to think that short hair on a woman meant she was a loose woman and cheating on her husband.

There was no scientific explanation for this, it was just widespread information that a woman with short hair was promiscuous and would not be faithful in her marriage.

Aren't we lucky to live in a world with free choice!?!

An eight-year old boy had never spoken a word. One afternoon, as he sat eating his lunch he turned to his mother and said, "The soup is cold."

His astonished mother exclaimed, "Son, I've waited so long to hear you speak. But all these years you never said a thing. Why haven't you spoken before?"

The boy looked at her and replied, "Up until now, everything has been satisfactory."

EASY MEATLOAF

INGREDIENTS

1 lb. lean ground beef
1/4 cup chili sauce or ketchup
1 egg
1/4 cup plain bread crumbs
1/4 teaspoon thyme leaves
1/4 teaspoon onion salt
1/4 teaspoon pepper
3 tablespoons chili sauce or ketchup, if desired

DIRECTIONS

Heat oven to 350°F. In large bowl, combine all ingredients except 3 tablespoons chili sauce; mix well. Press mixture firmly in ungreased 8x4-inch loaf pan.

Bake at 350°F. for 30 minutes. Top with 3 tablespoons chili sauce. Bake an additional 10 to 15 minutes or until thoroughly cooked in center and meat thermometer registers 160°F. Let stand 5 minutes. Remove from pan.

TIPS:

This is a good basic meatloaf recipe. Make it your own by experimenting with other types or combinations of ground meat or poultry, different herbs or by using different kinds of binders such as fresh bread crumbs, cooked rice or oatmeal.

Serve meatloaf with garlicky mashed potatoes and a fresh salad. Go all out nostalgic and make wedge salads with blue cheese dressing, bacon and chopped tomatoes.

Press the meat mixture into 12 large muffin cups (grease them well) for individual meatloaves. Brush tops with ketchup and bake for 30 minutes or until loaves are thoroughly cooked in the center and the thermometer reads 160°F. Immediately remove from pans.

Tombstone Small Animal Shelter

The Tombstone Small Animal Shelter continues to make appointments 7 days a week. We are no longer open for adoptions on Saturday. We are doing well with adoptions so we have no future plans to hold offsite adoptions. Call 520-457-2545, go to the website tombstoneanimalshelter.org or Facebook.

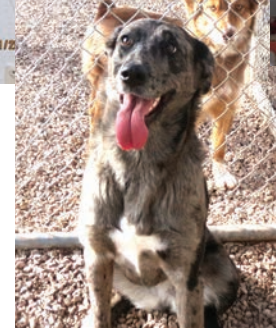

We still have lots of animals looking for homes so call today and we'll match you up.

DOTTIE, an adult orange tabby, is a love-bug! Looking for attention, she purrs and rubs at your ankles. She (most orange cats are male) can be independent without attention.

DALTON is a long-haired adult that resembles a Chantilly-Tiffany breed; a handsome must see! He purrs, enjoys attention but can be reserved. ADOPTABLE after Neuter.

DIXIE is a 15 month Catahoula, loving with teen energy. Besides attention, time, focus, and training will help with her energy. She can be a family dog. Adoptable after Spay

Make an appointment today to bring one of us into your home.

We're just waiting for you!!

Remember, before you give an animal as a gift, pets are a life-long commitment!

DID YOU KNOW? Baking Soda

Baking soda has many uses so here are a few:

1. Fire Extinguisher in a box. Keep one close to the stove and use if
you have a flare up. Unlike water that cannot be used on all fires like
grease or electrical, water is not appropriate, baking soda is good for
both. Dump over fire.
2. Corning and other glass stovetops keeps the original finish when
cleaned with a soda and water solution. Use an old toothbrush to get in the little places.
3. Unclog burners on a gas stove by boiling them in a baking soda solution, ¼ box to 2
quarts water.
4. Remove cooking oil easily from stovetop with a solution of white vinegar and baking
soda paste.

5. Clean deep oil fryer, the gently abrasive action won't
damage the finish, it absorbs residual oils and neutralizes
odors.

After successfully passing the bar exam, a young man opened his own law office. One day he was sitting idle at his desk when his secretary announced that a Mr. Jones had arrived to see him. "Show him right in!" the lawyer replied.

As Mr. Jones was being ushered in the lawyer had an idea. He quickly picked up the phone and shouted into it "...and you tell them that we won't accept less than fifty thousand dollars, and don't even call me until you agree to that amount!"

Slamming the phone down he stood up and greeted Mr. Jones, "Good morning, Mr. Jones, what can I do for you?"

"I'm from the telephone company," Mr. Jones replied.

An old woman from the country was visiting the city for the first time in her life.

She checked into the smart hotel and let the bellboy take her luggage. She followed him but as the door closed, her face fell.

"Young man," she said angrily. "I may be old and straight from the hills, but I ain't stupid. I paid good money and this room won't do at all. It's way short of what I expected!"

There is not even proper ventilation. Why there is not even a bed!"

"Ma'am", replied the bellboy. "This is not your room, it's the elevator!"

A farmer

put up a new building. "What are you gonna use it for?" asked his neighbor.

Well," said the farmer, "if I can rent it, it's a rustic cottage nestled between two tall pines. If I can't, it's a cow shed."

A British General had sent some of his men off to fight for their country in the Falkland Island Crisis. Upon returning to England from the South American island, three soldiers who had distinguished themselves in battle were summoned to the General's office. "Since we weren't actually at war," the General began, "I can't give out any medals. We did however, want to let each of you know your efforts were appreciated. What we've decided to do is let each of you choose two points on your body. You will be given two pounds sterling for each inch of distance between

those parts. We'll start on the left, boys, so what'll it be?

Soldier 1: "The tip of me head to me toes, sahr!"

General: "Very good son, that's 70 inches which comes to 140 pounds."

Soldier 2: "The tip of the finger on one outstretched hand to the tip of the other, sir!"

General: "Even better son, that's 72 inches which comes to 144 pounds."

Soldier 3: The palm of me hand to the tip

of me left pinky, sahr!"

General: "That's a strange but fair request, son!" As the general begins the measurement, he exclaimed "What! Son, where is your left pinky?"

Soldier 3: "Falkland Island, sahr!"

Once, all the villagers decided to pray for rain. On the day of prayer all the people gathered but only one boy came with an umbrella. That's FAITH. When you throw a baby in the air, he laughs because he knows you will catch him. That's TRUST.

Every night we go to bed, without any assurance of being alive the next morning. But still, we set the alarms to wake up. That's HOPE.

We plan big things for tomorrow in spite of zero knowledge of the future. That's CONFIDENCE.

We see the world suffering. But still, we get married. That's LOVE.

On an old man's shirt was written a cute sentence.
I Am Not 60 Years Old, I Am Sweet 16 With 44 Years Experience. That's ATTITUDE.

Jon and Adam are in a mental institution. This place has an annual contest, where they pick two of the best patients and give them two questions. If they get them correct, they are deemed cured and are free to go.

Jon is called into the doctor's office first and asked if he understands that he would be free if he answers the questions correctly. The doctor says, "Jon, what would happen if I poked out one of your eyes?"

Jon answers, "I'd be half blind, doc."

"That's correct. What if I poked out both of your eyes?"

"I'd be completely blind." The doctor got up, shook his hand and told him he was free.

On Jon's way out, while the doctor is filling out the paperwork, Jon mentions the exam to Adam. He tells him what questions are going to be asked, and the answers. Adam is called in.

The doctor goes through the formalities and asks, "What would happen if I cut off one of your ears?" Adam, remembering what Jon said was the correct answer, says, "I'd be half blind."

The doctor is a little puzzled, but he carries on. "What if I cut off both of your ears?"

"I'd be completely blind." Adam answers.

"Adam, can you explain how you'd be blind?"

"My hat would fall over my eyes."

Jim was in an ROTC program and trained at Fort Bragg. One rainy night he was doing guard duty. As a truck pulled in Jim was looking for his usual relief. Instead a captain jumped out of the vehicle.

"What are you supposed to say?" the captain said in a loud voice.

Jim responded quickly, "HARK who goes there?" He was surprised as the captain gave him an order to do 15 minutes of push ups in the rain while repeating: "This is the United States Army, not a Shakespearean festival."
