**Yesterday I purchased a world map**

and put it on the wall in the kitchen. I gave my wife a dart and said, "Throw this and

wherever it lands I'll take you there for a holiday." Turns out, we're spending three weeks behind the fridge.

A woman was shopping in

the mall with her four-year-old kid. A display in the window of a lingerie store caught her eye.

"Do you think daddy would like this?" She asked, pointing to the Lacey pajamas with a matching

robe. "No way", the child replied. "Daddy would never wear that."

I know I will never understand

women. I'll never understand how you can take boiling hot wax, pour it onto your upper thigh, rip the hair out by the root, and still be afraid of a spider.

**I was in the express lane** at the store quietly fuming. Completely ignoring the sign, the woman ahead of me had slipped into the check-out line pushing a cart piled high with groceries. Imagine my delight when the cashier beckoned the woman to come forward looked into her cart and asked sweetly, "so which six items would you like to buy?" Wouldn't it be great if that happened more often?**I do five sit ups every morning.** That may not sound like much, but there are only so many times you can hit the snooze button!**The Most Dependable, Affordable,

A new supermarket opened in Canada. The produce department sprays misty rain on the produce, complete with thunder and the smell of fresh rain. When you pass the milk cases you hear cows mooing and there is the scent of freshly mowed hay. In the meat department, there is the aroma of charcoal grilled steaks with onions. When you approach the eggs, hens are heard clucking including the aroma of bacon and eggs frying. The bread department features the smell of fresh baked bread. I don't buy toilet paper there anymore!

I was watching the kids play

A new dentist in town is honest. A lot of guys will do some work and then surprise you with a big bill at the end. This guy took

How do we know that woodpeckers are smarter than chickens? Ever heard of Kentucky fried woodpeckers?

Husband: Whisper dirty things to me.

Wife: The garage, the driveway, your car...

"Waiter come here at once!"

The agitated diner called, "Can you explain why there is a footprint in the middle of my food?" "Yes sir, you ordered an omelet and told me to step on it!"

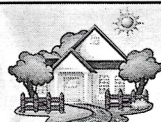

There was this lady who was

visiting a church one Sunday. The sermon seemed to go on forever, and many in the congregation fell asleep. Socializing after the service, she walked up to a very sleepy looking gentleman, extended her hand in greeting, and said, "Hello, I'm Gladys Dunn." The gentleman replied, "You're not the only one, ma'am. I'm glad it's done too."

When the victim took the Stand in a

A three-year-old boy went

with his father to see a litter of puppies. On returning home, he breathlessly informed his mother. "There was two boys and two girl puppies." "How do you know?" his mother asked. "Daddy picked them up and looked underneath." He, replied, "I think it must be printed on the bottom."

"So how did you come out

in that fight with your wife the other night?" "Aww she came crawling to me on her hand and knees." "What did she say?" "Come out from under that bed, you coward!"

A newly divorced man was

always right on time sending alimony payments to his ex-wife. When asked why he was so punctual, he said, "If I miss a payment, she might decide to repossess me!"

We stopped into a restaurant

to have a beer and hot wings with friends and noticed the waitresses were all very good looking. One of my friends asked me which I would like to be stuck in an elevator with. I answered, "One that could fix the elevator. I answered, "I'm old, tired and pee a lot."

My Wife wanted to brighten up
 the garden, so I planted some bulbs.

Man to Doctor during a

colonoscopy: "Hey Doc, can you write a note to my wife telling her my head is not up there?"

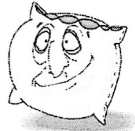

I rear ended a car this morning.

It was the start of a really bad day. The driver got out of the other car, and I noticed he was a dwarf. He looked at me and said, "I'm not happy!" So, I said to him, "Which one are you?" That's how the fight got started.

A man and his wife had an argument and went to bed without speaking. He had a business trip the next morning so before he went to bed, he wrote a note reading, "please wake me up at 5 AM." And left it on the pillow. The next morning, he woke up at 7 AM and realized he had missed his flight. He was ready to be angry at his wife until he noticed the note by his pillow that read: "it's 5 o'clock, wake up!"

A guy is going on an ocean cruise and tells his doctor he's worried about getting seasick. The doctor says, "No problem just eat 2 pounds of tomatoes before you leave the dock." "Will that help the seasickness?" He asked the doctor. "No, but it will look really pretty in the water!"

Driving past a racetrack, six-year-old Johnny was curious. He had never seen a racetrack before, so he asked what it was. "it's a place where people go to race dogs," his dad told him. After a long contemplative pause, Johnny said, "and I bet the dogs win!"

I have started a new exercise program, immediately after waking in the morning I always say sternly to myself, "Ready? Now up, down, up, down," and then after two strenuous minutes, "OK, now let's try the other eyelid!"
