A radical feminist was traveling

on a bus when, just in front of her, a man got up from his seat. She thought to herself, "Here's another man patronizing the female sex by offering a poor defenseless woman a seat." And she pushed him back down into his seat. A few minutes later, he again tried to get up but again she pushed him back down." "Look lady," he protested, "you've got to let me up. I am a mile past my stop already."

In the beginning, God created Earth and rested. Then God created man and rested. Then God created woman. Since then neither God nor man has rested.

This Texan tourist looked

in awe at the London eye millennium wheel. "Wow", he said we have nothing so enormous back home "His London host replied, "if you think that's big, wait till you see the size of the hamster!"

A study has revealed that the kind of face a woman finds attractive on a man can differ depending on where she is in her menstrual cycle. For example, if she is ovulating, she is attracted to men with rugged and masculine features. However, if she is menstruating, or menopausal, she seems to be more attracted to a man with scissors lodged in his temple and tape over his mouth.

Mahatma Gandhi walked barefoot most of the time, which produced an impressive set of calluses on his feet. He also ate very little, which made him rather frail, and, with his odd diet, he suffered from bad breath. This made him a super calloused fragile mystic hexed by halitosis.

I used to work in a fire hydrant factory. You couldn't park anywhere near the place!

A farmer named Muldoon lived alone with his beloved dog. When the dog died, Muldoon went to the parish priest and said "Father, my dog is dead. Could you be saying a Mass for the creature?" The priest replied, "I'm afraid not. We cannot have services for an animal in the church, but there is a new denomination down the road. There's no telling what they believe. Maybe they'll do something for the creature," Muldoon said, "I'll go right away. Do you think \$5000 is enough to donate for such a service?" The priest exclaimed "Glory be to God! Why didn't you tell me the dog was a Catholic?"

A parachute jumper prepared for his first jump. "Don't forget," reminded the instructor, "if the first cord doesn't work, pull the backup cord." "Ready?" "I'm ready!" said the jumper. He jumped, counted to ten, then pulled the cord. Nothing happened, so he pulled the backup cord. But still, nothing happened. As he fell toward earth, a woman suddenly flew past him, up into the sky. "Hey!" He yelled. "Do you know anything about parachutes?" "No," she called back, "do you know anything about gas stoves?"

Employer: "Young man, do you think you can handle a variety of work?"
