- Oil Changes & Much More!

**Including newer vehicles w/new refrigerant

We Perform Scheduled Maintenance Without voiding Manufacturer's Warranty.

While my friend Cheryl was working as a receptionist for an eye surgeon, a very angry woman stormed up to her desk." Someone stole my wig while I was having surgery yesterday," she complained. The doctor came out and tried to calm her down." I assure you no one on my staff would have done such a thing." "Why do you think it was taken here?" "Because after the

operation I noticed the wig I had on was ugly and cheap looking." "I think," explained the surgeon gently, "that means your cataract operation was a success!"

I quit my job as a personal trainer because I'm not big or strong enough. Today, I put in my too weak notice.

When my brother was a pastor, he

usually put the title of his upcoming sermons on a street-side bulletin board. One week, his sermon was "Hell, the Forgotten Horror."

Underneath was the permanent message printed at the bottom of the sign: "A Warm Welcome to All."

A pig walks into a bar, orders 15 beers and knocks them back. "You've had a lot to drink. Would you like to know where the bathroom is?" Asks the bartender. "No," says the Hogg. "I'm the little pig that goes wee wee wee all the way home!"

Why did the new race-car

driver make so many stops?

Because some guy on the side of the road kept flagging him down.

As a student nurse, I had

to give an injection to a 79-year-old male patient. I asked which hip he preferred the shot in. He wanted to know if he really had a choice. I told him he did. He looked me straight in the eye and said, "yours!"

As church secretary, I prepare the bulletin for each week's services. One Sunday morning, I heard a snickering from the pews. Quickly grabbing the bulletin, I found the cause.

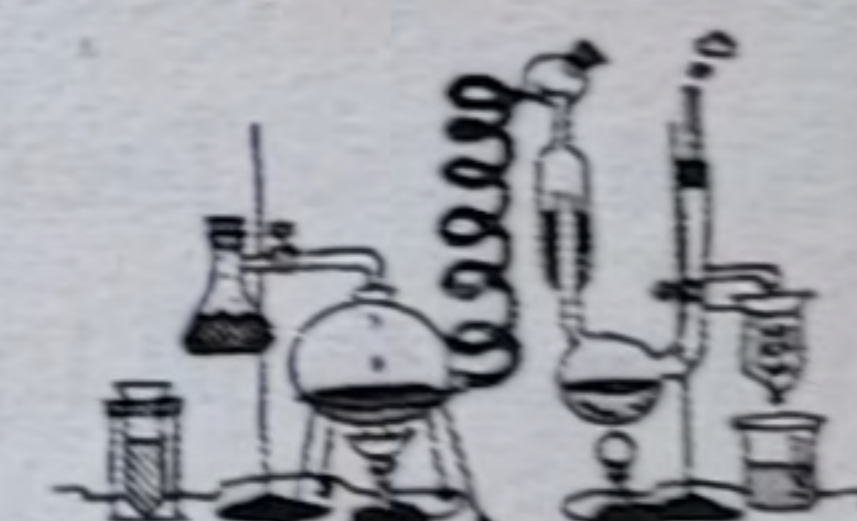

The sermon title for that day was ...

"What Makes God Sick: Pastor Joe Smith."

Question: What is the biggest difference between chemistry and cooking.

Answer: In chemistry, you should never lick the spoon.

The last thing my friend Kristy was prepared for was an invitation to a costume party. 8 ½ months pregnant, she was in no shape for any conventional costume. Still she wanted to go so she painted a big yellow circle on an extra-large white T-shirt, dug a pair of red devil horns out of her kids Halloween junk file, ... and went as a deviled egg!"

When my ex-Marine father-in-law was at my house, our six-year-old neighbor came by to play with my kids. I asked her if she knew who he was. She looked up at him with her big blue eyes and said, "I don't remember what his name is, but I know he used to be a submarine."

Today's 3-year-olds can switch on laptops and open their favorite apps. When I was 3, I ate mud!

It was nighttime in Vietnam. All was quiet in our forward outpost when a perimeter guard opened up with grenades and automatic rifle fire. It sounded like all North Vietnam was attacking. I sprinted over to him. "What is it?" I hollered. The pandemonium stilled, and a small, frightened voice replied, "Big snake, sir."

Recently my girlfriend, Karen, got a job at a local hardware store." If you stop by, tell them you're my brother." On my first visit, I walked to the customer service desk and asked the older woman there, "Is Karen around?" When she looked at me quizzically, I added, "I'm her brother. She smiled. "What a nice surprise. I'm Karen's mother."

One for the road means peeing before you leave the house.

Pulling guard duty is to all work. but I never realized just how though until one night when, with nothing else to do, I looked underneath my desk. There I found these words scrawled by a predecessor: "Man, you must really be bored!"

QUESTION:

What word is always spelled wrong in the dictionary?

Answer: wrong

I'm not having much luck with jobs lately:

I wasn't suited to be a Tailor. The muffler factory was just exhausting. I couldn't cut it as a barber. I didn't have the patience to be a doctor. I wasn't a good fit in the shoe factory even though I put my soul into it. The paper shop folded. Pool maintenance was too draining. I got fired from the Cannon factory. And I just couldn't see any future as a historian.

Spotted on a church marquee:

"Love your enemies; After all, you made them!"
