My mother lacks a green thumb, but she keeps at it. Pointing one day to a line of new plants, by the kitchen window, my sister whispered to me, "Look... Death Row!"

The older you get, the tougher it is to lose weight because by then your body and your fat have gotten to be really good friends.

What did baby corn say to mama corn? "Where's popcorn?"

Harry asks his friend Larry to help him with something.

"I think the blinker signal on my car is broken," he says." Stand behind the car. When I turn it on, tell me if the blinkers working." Larry situates himself behind the car while Harry gets in the driver seat and hits the blinker. "Is it working?" He yells back. "Yes", says Larry. "No! Yes! No! Yes, No..."

Why couldn't the coffee bean go out to play? He was grounded.

Some New Yorkers were on a safari in the jungles of a little explored far away country when they were captured by cannibals." Oh yes" the chief of the tribe exclaimed. "We're going to put you all into big pots of water cook you and eat you!" "You can't do that to me," the tour leader said. "I'm the editor of The New Yorker!" "Well," he responded, "tonight you will be editor in chief!"

The coed came running with tears to her father. "Dad you gave me some bad advice!" "I did? What?" "You told me to put my money in that big bank, and now that big bank is in trouble!" "What makes you say that?" asked her confused father. "They just returned one of my checks with a note saying, "Insufficient funds!"

Two brothers, Sean and Kurt went fishing. Every time Sean threw his hook in, he caught a fish, but Kurt didn't have the same success. By the end of the day, Sean had caught twelve fish, but Kurt had caught nothing. The next day Kurt woke up very early in the morning, dressed in Sean's clothes, and carried Sean's rod. He went to the river and sat where Sean normally sat. He threw the hook in and waited. Darkness cleared and the sun rose. After about two hours of waiting, a fish popped up and asked him, "Where is Sean?"

Waitress: have I kept you waiting long?" Customer: no, but did you know there are 3,296 squares on the ceiling?

The barber's client looked depressed, so the barber said, "cheer up. I knew a guy who owed \$5,000 he couldn't pay. He drove his vehicle to the inner edge of a cliff, where he sat for over an hour. A group of concerned citizens heard about his problem and pass the hat around. Relieved, the man pulled back from the cliffs edge." "Incredible," said the client. "Who were those kind people?" "The passengers on the bus."

After my four-year-old and I turn the department store upside down looking for bathing suit for me, a black and white one piece that we both liked. I tried on the suit and modeled it for her. It was a hit. "Mommy, you look so pretty!" She squealed "you look just like Shamu the whale!"

The biggest loser at my weight loss club was an elderly woman."

How'd you do it?" we asked. "Easy," she said. "Every night I take my teeth out at 6 o'clock."

After standing in line at the DMV for what felt like eons, my brother finally got to the counter. As the clerk typed his name into the computer, she said, "that's odd." "What's wrong?" James asked. "My computer says your deceased." Surveying his surroundings James muttered, "great, I died and went to hell."

Our friend hates to work out, that means the treadmill in her bedroom barely get used. Nevertheless, she swears by it. "It really works," she told me. "I throw my jeans over it, and they get smaller!"

Some of us have what it takes to be curious about our surroundings. Curious enough to take it apart, Skilled enough to put it back together again, and clever enough to hide the extra parts left over.

Everyone in our neck of the woods knows that trailer parks and tornadoes are not a good mix. So, my brother in law wasn't the least bit surprised when the lead story on our local news was about a tornado wiping out a mobile home factory." Look at that," he said," got them in the larva stage."
