Genetic Health Guarantee Claims

Genetic Health Guarantee Claims

In the event of a claim for a condition covered by the genetic health guarantee, KC Goldens will request a signed statement from the veterinarian who diagnosed the puppy's condition. KC Goldens reserves the right to seek a second opinion from the veterinarian of our choice prior to any settlement. In the event of a hip or elbow dysplasia claim, KC Goldens may ask for preliminary OFA evaluations for proof. If a claim is proven accurate, KC Goldens offers three methods of reimbursement. The buyer can choose which one they prefer:

1. KC Goldens takes back the puppy and provides a refund equal to the purchase price of the puppy.
2. KC Goldens takes back the puppy and offers a replacement puppy of equal value as soon as one becomes available.
3. KC Goldens pays for the vet bills related to the condition up to the purchase price of the puppy, and buyer keeps the puppy.

KC Goldens & buyer will evenly split transportation costs in the event option 1 or 2 is chosen.
