EIN 85-4174854

Where it began:

Over a period of 5 years, our board of directors and small grant donors, have assisted us in growing our garden and building our community development center. We cleared over 4 acres of trees, rented equipment to grind stumps, and really focused on developing our site. Here's how we started off:

2024 was spent developing our site:

POY is extremely proud to present the opening of our site in April of 2025. Here's how it's going:

During this time, our grant writer has been hosting grant writing workshops and 1 on 1 time with members of our community, for entrepreneurial courses. We were awarded a total of \$38,469 in grants and sponsorship dollars. During this time, we were able to create our curriculum for several programs including grant writing, entrepreneurship, and resume building.

We are excited about our work, and the year ahead!

Sincerely,
Kessha Dowd
