## **Carbon Monoxide Safety Tips**

## WARNING

Carbon Monoxide is a colorless, odorless, poisonous gas, and exposure can be fatal. Your room is equipped with a carbon monoxide detector.

## Symptoms of carbon monoxide exposure may include:

Headache

Vomiting

Fatigue

Blurred vision

Weakness

Dizziness

Nausea

Loss of muscle coordination

Shortness of breath

Collapse

Confusion

Loss of consciousness1

What to do if a carbon monoxide alarm is sounding or if you experience any symptoms of carbon monoxide exposure:

- Never ignore a carbon monoxide alarm that is sounding.
- Immediately move outside to fresh air.
- Advise the hotel front desk.
- Call 911, emergency services, or the fire department.
- Do a head count to check that all people in your party are accounted for.
- Do not reenter the premises until the emergency services responders have given you permission.<sup>2</sup>
