CANCELLATION POLICY

Trip deposit (\$500 per person) is non-refundable and non-transferable. Any cancellation refunds will be processed on this timeline:

- If you cancel between 150 days prior to trip departure date but before we have purchased flights (~3 months prior), \$1000 per person is non-refundable.
- If you cancel after flights have been purchased and up to 30 days prior to trip departure: the full cost of your flight(s) + \$1000 per person is non-refundable.
- If you cancel 30 days or less prior to trip date, the full tour cost is non-refundable.

If a trip is unable to continue as planned due to circumstances outside of our control (government-mandated restrictions, etc.) the same cancellation policy can apply, every effort will be made to accommodate and refund, but depending on airlines and restrictions, no guarantees can be made. This is one reason we suggest that you strongly consider trip insurance.

If paying by credit card, the 3.5% credit card handling fees cannot be refunded.
