

Valhalla Management's Towing Procedure

Starting April 13th, 2023

(507) 289-3200

981 1st Ave SE, Rochester, MN 55904

CSC - Towing will patrol and remove cars from the Valhalla lot from 5:00 pm to 7:00 am.

Please see the images below of what the sticker, and short-term visitor pass look like.

Please remove cars that:

- Have no parking sticker on the front windshield.
 - Or have no short-term visitor parking pass in front windshield.
- Do not patrol or tow cars that are at 2100 Valkyrie Drive NW- Building 15
- Never remove a car with a "handicap" hanger or plates from the lot.

Anyone with a reserved parking spot has the ability to contact the towing company to have a violator removed. The name on the parking spot must match the name on the ID they provide. That will give them their authorization to have the car towed. There may also be a number on a reserved spot. That should match the apartment number on their driver's license (or other ID they may have). No match...no tow. Building Ten is exempt from the no match no tow rule as the numbers on the ground do not match the unit numbers.

(Towing from a "reserved parking spot" unless as described above)
