

INMATE COMMISSARY ACCOUNTS ~ DEBIT / CREDIT CARD DEPOSITS ~

The Osage County Sheriff's Office has installed a Credit / Debit Card Machine for the convenience of persons placing funds on the accounts of incarcerated inmates. **This can be done "In Person" or "Over the Phone".**

Traditionally we only accepted cash or money orders on site or through the mail; no check are allowed. Now the public has the convenience of swiping a card to deposit funds just as you would making a purchase in a business anywhere else.

IN PERSON: The Point of Sale Machine is in the sally port area of the Osage County Detention Center. If assistance is needed to complete your transaction, one of the Detention Officers will gladly assist you.

OVER THE PHONE: Another way of completing a transaction is over the phone. If you contact the Jail, a Detention Officer will take down the following information:

Caller's First and Last Name

Name on the Card being used

Card Number w/ 3 Digit Security Code (reverse of card)

Card Expiration Date

Current Mailing Address

Phone Number

****Without this information, the transaction cannot be completed****

All obtained information will be promptly destroyed after the transaction is made.
