

## Graduate School of Public Sector Professionals (GSPSP)

### Core Activities

#### 1. Continuous Professional Development (CPD)

GSPSP delivers structured CPD programmes tailored for public servants, policy professionals, and institutional leaders. Our CPD offerings are designed to enhance technical competence, ethical leadership, and strategic decision-making across public sector functions.

#### Focus areas include:

- Public Sector Governance & Leadership
- Public Financial Management
- Policy Design, Monitoring & Evaluation
- Ethics, Accountability & Anti-Corruption
- Digital Transformation in Government.

#### 2. Executive & Professional Development Programmes

Our executive programmes are designed for senior officials, directors, permanent secretaries, and public sector executives seeking advanced leadership capabilities.

These programmes combine:

- Practical policy case studies
- Global best practices
- Executive coaching and leadership labs
- Applied learning for real-world governance challenges

### 3. International Exchange Programme for Senior Civil Servants

GSPSP facilitates international exchange and study programmes that expose senior civil servants to global governance models, institutional best practices, and cross-border collaboration.

Through strategic partnerships with global institutions, participants gain:

- Comparative policy insights
- Exposure to international governance systems
- Opportunities for peer learning and diplomatic engagement.

### 4. Consultancy & Advocacy Services

GSPSP provides advisory and consultancy services to governments, public institutions, development agencies, and multilateral organisations.

Our work includes:

- Institutional reform and capacity diagnostics
- Policy research and advisory services
- Governance reform and public sector transformation
- Advocacy for ethical leadership and institutional accountability

### Why Choose GSPSP?

- Institutionally backed by the **Institute of Public Sector Professionals (IPSP)**
- Industry-relevant and policy-driven curriculum
- Strong local and international partnerships
- Experienced faculty and practitioners
- Focus on ethical leadership and public value creation
