

THE AIDS SUPPORT ORGANIZATION (TASO)

10 March 2021

Clarification on Malaria Request for Proposals (RFP) from prospective Sub-Recipients

Reference is made to the call for proposals in the New Vision and Daily Monitor of 18 February 2021 by The AIDS Support Organization (TASO).

In budget Line 116, the same activity description appears three times as the same budget line (pages 43-44 of the RFP) with similar implementation details and districts but different amounts.

The repeated BL 116 in the RFP is representative of cascade sub-activities (a, b, c) under the same budget line 116 in the order below;

- a. Identification of 10 community advocates with District based networks
- b. Training of the community advocates (10 per district - regional trainings)
- c. Conduct Community level advocacy dialogues led by the community advocates

Ideally, it means 116a, 116b, and 116c. Please take note of this clarification.

Please remember to put together all your administrative documents together (100%) as listed in the RFP.

Good Luck

Thank you.

Dr. Etukoit Bernard Michael
