Join us as we climb up onto the ridges North of Wickenburg, with gorgeous vistas of the mountains surrounding the town. Pristine views looking down on the Hassayampa and surrounding hills. This is a 6.5 mile ride, level 3 – some wash, a couple of steep climbs. It should take 2 to 2.5 hours.

DIRECTIONS: 36799 S Scenic Loop Rd. Head Northwest on Hwy 93. Turn right at Scenic Loop Rd (the big U-Haul place is there, although construction has pushed the road and turn a little further south right now. Come down the road – turns from paved to dirt. Go down a curving hill. Turn right at first gate at bottom of the hill. WHA signs will be in place.

The property has a road clear around the circumference of the property. Please pull all smaller horse trailers up along the driveway towards the house, and back in a loop towards the way you came in – leaving the large parking area where the big LQ is for those people who have larger stock trailers that will need to be parked down below.
