ELEVATING SOLUTIONS FOR THE GLOBAL MARKET

NEWSLETTER

Environmental, Social, and Governance (ESG) in Action at ThynkEvoSol

ThynkEvoSol is leading the way in responsible environmental solutions across Oceania, Europe/UK and MEA. From composting services to drone surveillance, we're helping organisations rethink sustainability. Learn more about how we're tackling global environmental challenges — from food waste to carbon credit management — at thynkevosol.com.au.

Ethical at Every Step

Our approach to ethics doesn't end at onboarding—it continues through every stage of engagement. From transparent communication and respectful workplace practices to responsible data handling and inclusive operations, we prioritise doing the right thing. Whether it's our people, partners, or processes, we lead with integrity and expect the same across our network.

Privacy & People

We don't retain personal data unnecessarily, and our onboarding practices are built to respect privacy and meet global ethical standards. We are committed to safeguarding personal information and ensuring safe, secure work environments for contractors and staff alike.

VERIFYGLOBAL FOCUS – TRUST & TECH

VerifyGlobal – Verifying People & Partners

At VerifyGlobal, we go beyond background checks — we support your professional growth. One of our standout offerings is the SFIA (Skills Framework for the Information Age) Certification, a globally recognised framework that helps individuals and organisations assess and benchmark digital skills. Whether you're an IT professional, team leader, or HR manager, SFIA helps you understand exactly where your capabilities sit and how to plan for future career development.

We help candidates get their own SFIA prime code and supplementary codes ensuring accuracy, credibility, and alignment with real-world job roles. Once assessed, you'll receive a personalised SFIA Certificate that shows where you stand professionally. Whether you're applying for a job, upgrading your resume, or just want to understand your skill level — this certificate gives you the recognition you deserve. Check out the video: [SFIA Video](#)

SFIA Certificates & Referrals

Need your SFIA certification? We've got you covered. Whether you're applying for a job or a project, we help professionals and teams stand out.
