

About Us

ARIS ZINC PTY LTD, part of the ARIS ZINC GROUP, operating as **ARIS ZINC People Solutions**, is an Australian-owned and operated company since 2007 delivering innovative and reliable people-focused services across the public and private sectors. Our mission is simple yet powerful:

To provide the best possible service and experience to our customers and client contractors by offering contracts, placements, and tailored support that drive long-term success.

AZ Payroll Services

Accurate. Transparent. Compliant.

Our payroll service is designed to take the complexity out of managing wages, entitlements, and reporting obligations, so our clients can focus on running their business. We work with both **client organisations** and **contractors**, ensuring accuracy, transparency, and complete compliance with Australian workplace laws.

From the basics to the most advanced payroll solutions, **AZ Payroll Services** is built for reliability, confidentiality, and ease of use.

Our Services Include:

- **Payroll Processing** – Accurate and timely payment of salaries, wages, superannuation, and allowances.
- **Taxation & Compliance** – PAYG withholding, superannuation guarantee compliance, and reporting in accordance with ATO standards.
- **Custom Reporting** – Tailored reports to provide clarity on workforce costs and entitlements.
- **Contractor Payroll Management** – Specialised systems for managing contingent workers, including multiple engagement models.

Verification & Validation – VerifyGlobal®

Our proprietary **VerifyGlobal®** platform delivers trusted and secure pre-employment verification and compliance services, including:

- Reference checks
- Qualification validation
- Security clearance verification

Why Choose ARIS ZINC People Solutions?

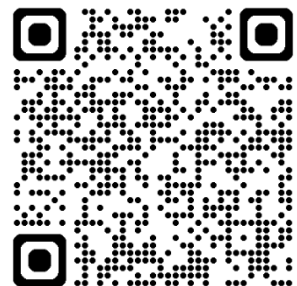

- ✓ Australian-owned and operated with national reach
- ✓ Proven experience in delivering results for both public and private sectors
- ✓ Commitment to service excellence and continuous improvement
- ✓ Fully compliant with Australian workplace laws, industry standards, and ISO-certified quality systems
