PROFESSIONAL DETECTABLE TOOLS

H-8240020	Paddle without holes, detectable polypropylene. 125x290x1190mm	149.25		  • Metal & X-ray detectable – safe for food and industrial use
H-8074103	One-Piece Shovel (Short Handle), Dimensions: 270 x 340 x 1120 mm	108.45		  • With hole for hanging on hook suspension system • Made of Polypropylen
H-8074104	One-Piece Shovel (Short Handle), Dimensions: 330 x 380 x 1120 mm	115.65		  • With hole for hanging on hook suspension system • Made of Polypropylen
H-8075103	One-Piece Shovel (Long Handle), Dimensions: 270 x 340 x 1330 mm	114.15		  • With hole for hanging on hook suspension system • Made of Polypropylen
H-8075104	One-Piece Shovel (Long Handle), Dimensions: 330 x 380 x 1330 mm	121.65		  • With hole for hanging on hook suspension system • Made of Polypropylen
H-BSTTAPEM-1	BST Detectable Tape Measure 5M x 19mm	24.90		  • Metal & X-ray detectable – safe for food and industrial use • Accurate up to 5 meters with durable blue casing • Hygiene compliant – meets HACCP and BRC standards
H-8900102	Eco Pen with Brass Nib with Clip, blue body, blue ink	1.35		  • Metal & X-ray detectable – safe for food and pharmaceutical environments • Durable two-part design with antibacterial technology • Comfortable grip – smooth and hygienic everyday use
H-8900132	Retractable XDETECT Detecta Pen with Clip body blue and blue ink	2.70		  • Metal & X-ray detectable – ideal for hygiene-critical environments • Durable design with no detachable parts and antibacterial technology • Smooth writing – 1 mm tip, stainless-steel ink cartridge, long-lasting performance • Supports food safety standards – helps prevent contamination

Code	Product Name	Price	Product Photo	Available Colours & Specifications
H-8900647	BST XDetect Tie ID Tag, Blue	2.63		  • Metal & X-ray detectable – safe for food and industrial environments • Reusable, flexible self-fastening design – durable and break-resistant • Multiple colors – easy identification and HACCP compliant
H-8900300	Detectable blue bandages, box of 100 pieces with 7 sizes	21.45		  • Metal detectable & bright blue – safe and easy to identify in food and industrial environments • Sterile wound dressings – multiple sizes and shapes (fingertip, knuckle, standard) • Supports food safety standards – practical and hygienic for minor wound protection
H-8900304	Detectable bandages 75x25mm, blue color, box of 100 pieces	16.95		  • Metal detectable & bright blue – safe and easy to identify in food and industrial environments • Hypoallergenic, latex-free adhesive – durable, washproof, and individually wrapped • Supports food safety standards – hygienic and reliable for minor wound protection
H-8900152	Detecta-Mark Permanent Marker Pen, Blue body, Blue ink	3.90		  • Metal & X-ray detectable – safe for food and industrial environments • Durable construction with Sureflow ink – writes even if left uncapped • Permanent marking – works on plastic, glass, and metal • Supports food safety standards – reliable and hygienic for contamination control
H-8900162	Board marker, detectable, blue	3.90		  • Metal & X-ray detectable – safe for food and industrial environments • Dry-wipe ink – ideal for whiteboards and glossy surfaces, easily cleaned • Sureflow technology – writes even if left uncapped • Hygienic and practical – supports safe and efficient marking in controlled workplaces
H-BSTRDW	BST Retractable Dry Wipe Marker Pen, Blue ink	3.90		  • Metal & X-ray detectable – safe for food and industrial environments • Retractable, shatter-resistant design • Dry-wipe ink – ideal for whiteboards and glossy surfaces • Sureflow technology – writes even if left uncapped • Hygienic and practical – supports safe and efficient marking in controlled workplaces
H-BSTRPM	BST Retractable Permanent Marker Pen, blue ink	3.90		  • Metal & X-ray detectable – safe for food and industrial environments • Retractable design with no cap – durable and shatter-resistant • Sureflow ink – writes for days even if left open, permanent on plastic, glass, and metal • Hygienic and practical – supports food safety standards and contamination control

Code	Product Name	Price	Product Photo	Available Colours & Specifications
H-8900210	Detectable Stapleless Stapler, 45 x 40 mm, Oval	12.15		   • Metal & X-ray detectable – safe for food and industrial environments • Stapleless binding – cuts and folds paper, eliminating loose staple risks • Durable and easy to use – fastens up to 8 sheets • Hygienic and eco-friendly – supports hygiene standards and contamination control
H-8900470	DetectaCalc Dual Detectable Pocket Calculator 120 x 70 x 8 mm	30.90		   • Metal & X-ray detectable – safe for food and industrial environments • Durable, sealed design – minimal germ traps and metal-detectable keypad • Built-in stainless-steel lanyard – secure and practical use • Hygienic and reliable – supports accurate calculations and food safety standards
H-8900475	BST DetectaCalc Dual Detectable Desktop Calculator 123 x 175 x 32 mm	40.50		   • Metal & X-ray detectable – safe for food and industrial environments • Large display and big buttons – easy and accurate use • Durable sealed design – minimal germ traps • Dual power supply – reliable daily use • Hygienic and reliable – supports food safety standards
H-8900453	BST DetectaBoard Dual Detectable Clipboard	26.10		      • Metal & X-ray detectable – safe for food and industrial environments • Durable, shatter-resistant design – minimal germ traps • Strong stainless-steel clip – secure document holding • Hygienic and reliable – ideal for safe documentation in controlled workplaces
H-8900452	BST A4 S/S Clipboard - S/Steel Clip	33.15		  • 304 stainless steel – hygienic, corrosion-resistant, and durable • Strong stainless-steel clip – secure document holding • Available in A4 and A3 sizes – practical for daily use • Easy to clean – ideal for food and industrial environments
H-PEH112CTB	BST Detectable Disposable Foam Earplugs	0.98		    • Metal & X-ray detectable – safe for food and industrial environments • Soft foam with detectable silicone cord – hygienic single-use design • High noise reduction (~33 dB) – effective hearing protection • High visibility – easy identification and contamination control
H-8900203	BST Fully Detectable Reusable 3 Flange Blue Earplugs	2.63		    • Metal & X-ray detectable – safe for food and industrial environments • Reusable silicone design – soft 3-flange shape for comfortable fit • Corded design – prevents loss and ensures detectability • Noise reduction (~29 dB) – reliable hearing protection

Code	Product Name	Price	Product Photo	Available Colours & Specifications
H-H018	Detectable Disposable Cordless Earplugs, blue colour 1000 pcs	327.75 1000 pcs		 • Metal Detectable • Manufactured from ultra-soft foam with a metal core; • Designed for personal hearing protection; • Helps reduce the risk of foreign body contamination; • Recommended for use in controlled production environments as personal protective equipment (PPE).
455-A265-S091-X31	Disposable blue nitrile gloves, detectable, size L, pack of 100 pcs	18.60 100 pcs		 • Metal & X-ray detectable nitrile – safe for food and industrial environments • Latex-free and powder-free – suitable for sensitive skin • Textured fingertips – improved grip and control • Durable and tear-resistant – hygienic single-use protection
H-8900361M-B	Disposable blue nitrile gloves, detectable, size M, pack of 100 pcs	18.60 100 pcs		 • Metal & X-ray detectable nitrile – safe for food and industrial environments • Latex-free and powder-free – suitable for sensitive skin • Textured fingertips – improved grip and control • Durable and tear-resistant – hygienic single-use protection
H-KS1PSB8469DE	BST 9" Kitchen Scissors - Serrated Blade - DD -Blue	35.55		 • Stainless steel serrated blades – precise and durable cutting • Metal & X-ray detectable handles – safe for food environments • Shatter-resistant design – long-lasting performance • Bright colors – easy identification and hygiene compliance
H-8590801	All-purpose knife "Schneidteufelchen", blue blade length approx. 80mm	10.80		 • Stainless steel blade – precise and durable cutting • Metal detectable handle – safe for food and industrial environments • Ergonomic and lightweight design – comfortable handling • Dishwasher safe – hygienic and IFS compliant
S-610001.02	Safety Knife SECUNORM 610 XDR with LARGE SPECIAL PURPOSE BLADE 160060 158 x 27 x 76 mm	45.60		 • Metal & X-ray detectable – safe for food and industrial environments • Automatic blade retraction – maximum user safety • 32 mm stainless steel blade – ideal for bags, films, and packaging • Robust ergonomic design – durable and hygienic for demanding use
S-9961	MARTOR Metal detectable hoster	43.05		 • Metal detectable holster for Safety Knife Secunorm 610 XDR • Secure locking mechanism keeps the knife safely in place • Flexible fastening with a clip for belts or trouser pockets • Adjustable angle for comfortable and ergonomic handling • Suitable for right- or left-side use • Made from 100% metal-detectable plastic • Easy to clean and highly resistant to dirt • Open design allows dust and particles to fall out easily • Helps prevent loss, contamination and unsafe storage of the knife

Code	Product Name	Price	Product Photo	Available Colours & Specifications
A-9310IL	Food industry retractor balancer	56.10		• Capacity Range: 0.2 – 0.5 kg • Stroke length: 1600 mm • Cable type: Stainless steel • Application Environment: Food Grade • Appropriate for Secunorm 610 XDR
S-32000771	Detectable Knife SECUMAX 320 MDP	15.45		    • Metal & X-ray detectable – safe for food and industrial environments • Concealed blade – maximum user safety • 4 mm cutting depth – ideal for film, plastic straps, and packaging materials • Durable ergonomic design – hygienic and efficient for controlled workplaces
S-110700.02	Detectable Knife SECUNORM SMARTCUT MDP	6.60		    • Metal & X-ray detectable – safe for food and industrial environments • Automatic blade retraction & double-sided slider – maximum safety and easy use • Stainless steel blade – durable and efficient cutting • Lightweight ergonomic design – hygienic and suitable for various materials
S-44702	MARTOR Detectable Knife SECUNORM HANDY MDP with INDUSTRIAL BLADE 145	7.95		    • Metal & X-ray detectable – safe for food and industrial environments • Automatic blade retraction & double-sided slider – maximum safety and easy use • Ergonomic pocket-size design – compact and comfortable • Durable blade – multiple usable edges for extended lifespan • Hygienic and reliable – efficient cutting in controlled workplaces
S-12070002	MARTOR Detectable Knife SECUNORM PROFI25 MDP with TRAPEZOID BLADE 199	20.10		    • Metal & X-ray detectable – safe for food and industrial environments • 25 mm stainless steel blade – precise and efficient cutting • Automatic blade retraction – maximum user safety • Tool-free blade replacement – quick and easy maintenance • Durable ergonomic design – ideal for demanding applications
H-8900251	4.6mm Cable Tie (Regular) - Metal - Blue - 4.6mm x 200mm	32.25 100 pcs		   • Metal-detectable nylon – safe for food and industrial environments • Durable, corrosion-resistant design – reliable fastening solution
H-8900243	Blitzbinder blue, completely detectable, 320x4.4mm (reusable)	28.95 100 pcs		  • Food-safe, durable materials – compliant with HACCP and international hygiene standards • Robust, easy-to-clean design – suitable for intensive daily use • High resistance to chemicals and temperature – reliable and hygienic for controlled workplaces

Code	Product Name	Price	Product Photo	Available Colours & Specifications
H-CT2WE245DB	WeLoc Gripper POM - Metal - Blue - 245mm 100mm sealing length	22.80		• Metal & X-ray detectable acetal (POM) – safe for food, pharmaceutical, and industrial environments • Strong locking mechanism – ensures secure, hermetic bag sealing • High durability & temperature resistant (-50°C to +120°C) – reliable for various conditions • Hygienic and reusable – safe solution for controlled workplaces
H-CT2WE315DB	WeLoc Gripper POM - Metal - Blue - Total length: 315mm, Sealing length: 150mm	36.60		• Metal & X-ray detectable acetal (POM) – safe for food, pharmaceutical, and industrial environments • Strong locking mechanism – ensures secure, hermetic bag sealing • High durability & temperature resistant (-50°C to +120°C) – reliable for various conditions • Hygienic and reusable – safe solution for controlled workplaces
H-CT2WE150DB	WeLoc Bag Clip POM 150mm Sealing Length	11.03		• Metal & X-ray detectable acetal (POM) – safe for food, pharmaceutical, and industrial environments • Strong, durable design with rotating hinge – secure sealing of powders or liquids • Temperature resistant (-50°C to +120°C) – reliable in extreme conditions • Hygienic and reusable – safe solution for controlled workplaces
H-8250153	Machine brush with metal detectable filament, Polyester PBT 0.60 mm, 275x20mm, hard	11.40		• Metal-detectable materials – safe for food and industrial environments • Hard polyester (PBT) bristles – robust and heat-resistant (up to ~130°C) • Durable construction – suitable for intensive cleaning tasks • Hygienic and reliable – effective cleaning in controlled workplaces
H-8210252	Hand brush with metal detectable filament, Polyester PBT 0.35, 340 x 35 mm, medium-hard	15.98		• Metal-detectable materials – safe for food and industrial environments • Durable polyester (PBT) bristles – robust and heat-resistant • Ergonomic, strong design – suitable for intensive daily cleaning • Hygienic and reliable – effective cleaning in controlled workplaces
H-8288080	Detectable spatula with stainless steel blade, 230x 80mm	22.05		• Stainless steel blade & metal-detectable polypropylene handle – safe for food and industrial environments • Robust construction with hand guard – ensures safe use • Available in multiple sizes – ideal for scraping, mixing, and handling materials • Hygienic and reliable – efficient and safe for controlled workplaces
H-8243153	Floor sweeper with metal detectable filament, Polyester PBT 0.60mm, 300x60mm, hard	34.35		• Metal-detectable materials – safe for food and industrial environments • Hard polyester (PBT) bristles – robust and effective for intensive cleaning • Ideal for floor cleaning tasks • Durable and hygienic – reliable for controlled workplaces

Code	Product Name	Price	Product Photo	Available Colours & Specifications
H-8215002	Hall scrubber , detectable, 400 x 50mm, Polyester PBT 0.60, hard	30.90		  • Metal-detectable materials – safe for food and industrial environments • Hard polyester (PBT) bristles – robust and heat-resistant (up to ~130°C) • Ideal for intensive floor cleaning tasks • Durable and hygienic – effective for controlled workplaces
H-8240157	Broom-narrow, detectable, 230x35mm, Polyester PBT 0.80, very hard	37.50		  • Metal-detectable materials – safe for food and industrial environments • Very hard polyester (PBT) bristles (0.80 mm) – precise and intensive cleaning • Ideal for targeted cleaning tasks • Durable and hygienic – reliable for controlled workplaces
H-8070305	Dustpan for high weight loading, Dimensions: 270 x 320 x 540 mm	88.05
