Form Instructions/Definitions

Member/Nonmember Registration Application

-Please fill in all information.

- All Wastani Members/Nonmembers are required to have a Permanent Identification in the form of a Permanent Herd ID. It can be either a tattoo or a holding brand. If using a brand include design and location. If using a tattoo include the characters and location. The Herd ID characters will need to be approved by the WCBA secretary.

Cattle Registration Application

-Please fill in all information.

-Registration Status: 1st generation is the first breeding in the breed up program with a foundation or pure Wastani bull on a verified pure Bos Indicus female. 2nd generation is the offspring of a 1st generation female bred to a foundation or pure Wastani bull. Foundation is the 3rd generation cross of a 2nd generation female bred to a foundation or pure Wastani bull. Pure status is reached when foundation animals are bred to each other. See the Breed Up To Wastani page on the Wastani webpage www.wastanicattle.org

- All Wastani animals are required to have Permanent Identification in the form of a Permanent Herd ID. It can be either a tattoo or a holding brand. The Herd ID if using a tattoo can be up to four letters.

-All Wastani animals must have a Permanent Identification in the form of an individual Animal ID. It can be either a Tattoo, Brand, or a Microchip. Include the ID Number and Location.

-All animals must have a Permanent Herd ID and an Animal ID. They are not the same thing. For example, an ear tattoo that reads ABC 36H. The ABC would be the permanent Herd ID and the 36H would be the Permanent Animal ID. The Herd ID is the same on every animal, but the Animal ID is different for each animal. If you use a holding brand that would be the Permanent Herd ID. The animal would still need an Animal ID.

Cattle Transfer Application

-Please fill in all information.

-If the female sold is bred include the dates of Natural Service or the date of Artificial Insemination or Embryo Transfer.
