*HubOne™ Blockchain  
A Mining Evolution with ExoQ™*

**High Performance  
Certainty & Assurance  
Utility & Carrier Infrastructure  
Operational Excellence**

**Quantum Impacts  
Advanced Inter-Networking  
Delivers 99.999%  
Redundancy & Resiliency  
(OSPF & BGP4)**

**Higher Security  
Efficiency  
~ 25 to 50 Percent  
Higher Hash Rate**

**HubOne™ Profit & Growth**

Powered by ExoQ™

The HubOne™ Evolution is a High Performance Infrastructure & Operations. ExoQ delivers an integrated Tier 1 Power & Technology impact, with a superior Advanced Computing and Mining experience. System acuity & sovereignty is assured through a focus on AI, and Digital Mining and Transactions. Higher performance for a better, faster, and more efficient operations

**ExoQ™**

**Engineered & Integrated Performance Infrastructure**

**Integrated Operations Performance**

**Business Impacts**

1. Diverse Revenues - Earnings, eROI, Material Profit  
Currency Exchange, Sovereign Jurisdiction  
Lower Taxes.
2. Infrastructure - Economic Mining Operations, Operational Excellence, Enhanced Processing, Resilience & Redundancy.
3. ESG Value & Monetization - AAA ESG Rating Excellence  
Social License.

**Overall Corporate Performance**

**Business Outcomes**

1. Increased Profit & Revenues - Power & Green Credits Income (+CAGR)  
Conversion (Capex-2-Opex) Earnings, eROI, + Share Price.
2. Infrastructure - Critical Power Quality, Certainty, Independence  
Increased Processing Proficiency Hash Yields.
3. ESG+ Material ESG Ratings  
Increase~2%+ Market Capital Increase  
Social License.
