

Enhanced Denitrification

The Orenco **MBBRd**

Up to 90% Reduction of Wastewater Nitrate

Modular design and accessibility make installation, operation, and maintenance simple.

Orenco's MBBRd is compatible with AX-Max Wastewater Treatment Systems and other existing treatment systems requiring stringent nitrogen limits. It provides flexible and modular design options for discharge limits of 10 mg/L.

Suitable for:

- Residential, municipal, commercial, and industrial treatment
- Wastewater systems requiring significant reductions in TN, TIN, or NO₃-N
- Permanent and mobile locations
- Above-grade or at-grade installation

For more information, contact Orenco.
