Marketing Opportunity For You • P.5

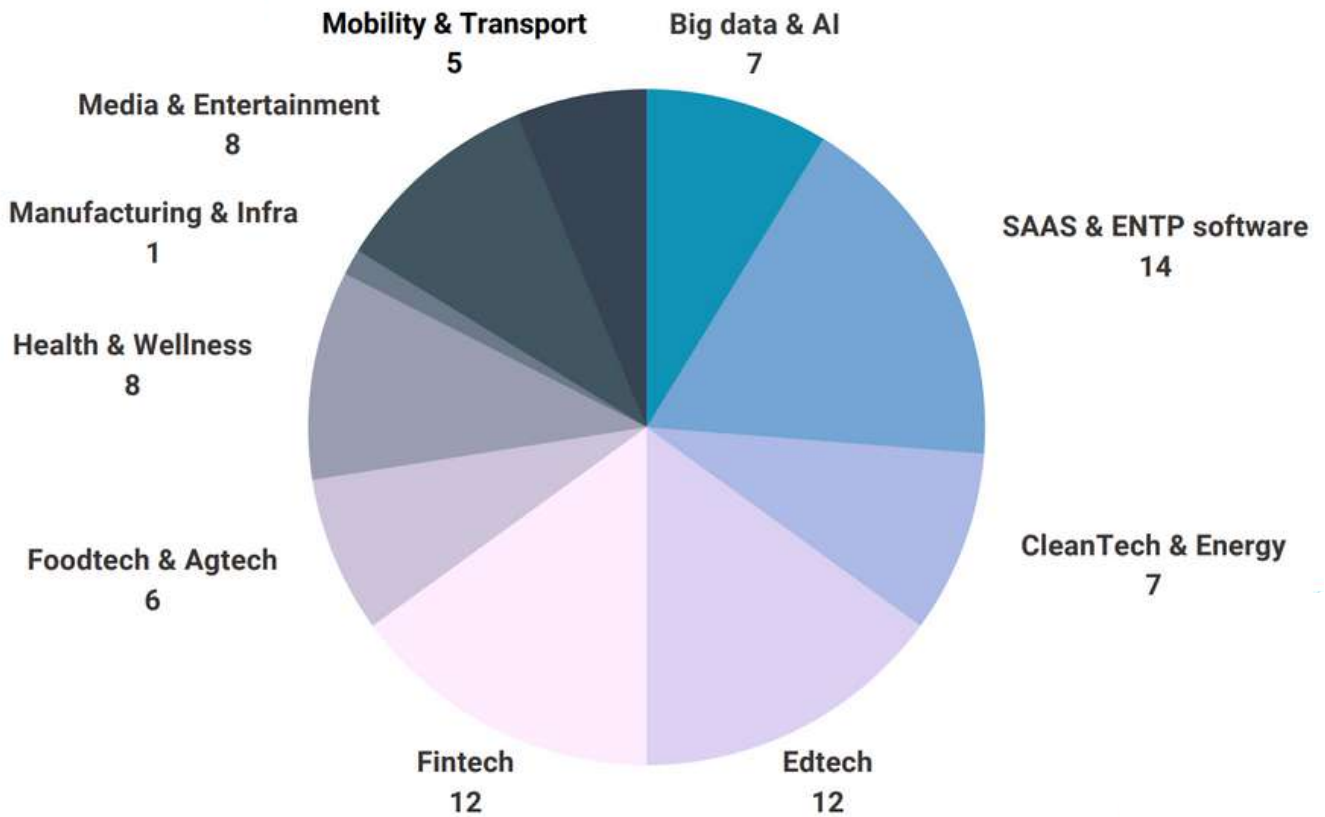

In the current newsletter, we will continue to share the updates about the Entrepreneurship World Cup (EWC). The global final, which was initially scheduled to be conducted in November 2022, has been rescheduled to March 2023 in Riyadh and the startups will compete for the chance of winning the share of \$1 Million cash prize.

As Startupscale360 is the National Organizer of the competition in the UAE for the year 2022, we also decided to shift our final from 15 September to 6 October 2022.
