Name _____ Phone _____

Agreement & Signature

The adopter agrees to have the adopted animal spayed or neutered before the animal reaches one (1) year of age, unless the animal has already been spayed or neutered prior to the adoption. The adopter further agrees to notify Valley Paws United once the procedure has been completed and to provide documentation from a licensed veterinarian confirming the spay or neuter upon request. The adopter understands that this requirement is part of the adoption agreement and is intended to promote the health and well-being of the animal, as well as help reduce pet overpopulation.

I certify that the information provided is true and complete. I authorize Valley Paws United to contact the references listed above and my veterinarian as part of the adoption process. I understand that the rescue reserves the right to deny any adoption if deemed not in the best interest of the animal. I agree to provide appropriate food, water, shelter, medical care, and love.
