GENERAL RULES & CONDITIONS:

- The Lessor is responsible for the hauling, site preparation, leveling and stage setup, unless other plans are made with Fire & Water Music Festival Stage Manager.
- Stage use must be monitored by lessor for adverse weather conditions, and will have to be shut down if conditions become adverse. Examples of reasons to shut down the stage include, but are not limited to, winds over 30 mph, lightning, inappropriate use of the stage or any condition where safety of public or stage is a concern.
- The renting party must have a responsible person designated as a stage monitor for the duration of the rental. Fire & Water staff will orientate/train that person at time of setup as to requirements of stage safety/monitoring and how to initiate a stage closure. Site monitor must be listed and present during all periods of stage operation.
- The renting party is in charge and responsible for the conduct of all persons in attendance during the use of the stage.
- The renter and/or his/her organization will be held financially liable for any resulting damages to the mobile stage and/or property. Any damage charges will be based on equipment replacement and administrative costs, and may exceed the amount of the damage deposit.
- Nothing may be fixed (temporary or permanent) to the stage in any way, without prior consent from Fire & Water Music Festival personnel. This includes banners, poster, signs or other materials. No tape, glue, nails, screws or adhesive materials may be used on stage walls, floors, ceiling or any other part of the stage. Any failure to comply with this provision may result in loss of deposit and possible additional repair charges.
- Stage must be cleaned and all non Fire & Water equipment removed prior to pickup.
- No smoking is permitted on the stage.
- It is the responsibility of the group renting the stage to ensure these rules are followed.
