

CDL PROGRAM

At SPCDL we are driving our clients to success! All courses comply with FMCSA guidelines and 49 CFR.

Our program provides study materials and tutorial instruction for the written permit test to our clients that do not have a Commercial Driving Permit, Scripts for Pre-Trip inspection, Air Brake test, and Air Brake test video. One on One driving instruction, Instruction and Practice of the required skills, Actual driving in various conditions, and a Simulated Road Test.

Our Certified Commercial Driving Instructors will prepare you for your Behind The Wheel Test at a DMV Commercial Test Center and be with you every step of the way.

Client Reviews

James Dana, *"If you want a dedicated team of trainers that provide dedicated one-on-one instruction then this is the company you want to train with."*

Cody Silhan, *"Went through the course in just over a month and passed everything my first time. I got Class A, doubles/triples, tankers, and hazmat."*

Devin Clasen, *"I went through them to get my class A, I highly recommend this school. All the instructors are top notch. It's 100% 1 on 1 training, and you test in the truck you train in. Really great people that care about your success."*

During the driving portion of training, the instructor will explain what the DMV examiner will expect to see and hear during the road test.

OUR MISSION

At SPCDL we are driven by the success of our clients. When you choose SPCDL to get your commercial driving license, you have chosen to become part of the SPCDL family.

All of our instructors are certified commercial driving instructors with more than 10 years of training experience. Combined, our staff has more than 50 years of training experience.

Our clients train in the same equipment that they will use for testing. We use manual transmission trucks which allows our clients to obtain an Unrestricted commercial driving license, or automatic transmissions if preferred.
