

Cheryl Ann Silich

...Because Dreams Matter!

Originally from Hobart, Indiana, Cheryl Ann Silich was the Executive Producer, Writer, and Host of her long-time running, national-award-winning fitness TV show—***The Body Perfect by Cheryl***. Some of you helped cheer her on to become a Champion on Hollywood’s first “reality” television show—***American Gladiators!*** Maybe you’ve heard of her extraordinary passion for collecting ***Wizard of Oz*** memorabilia. Cheryl’s collection of over 3,500 Oz items—perhaps the largest in the world—was exclusively featured as the premier exhibit at the **Judy Garland Museum** for five years!

Ever since Cheryl’s mother read *The Wizard of Oz* to her as a child, Cheryl has shared her mother’s passion for “all things Oz.” When her father taught her how to stand on her head, Cheryl began to see the world differently. So it comes as little surprise that this media personality and national fitness expert set out to address the adolescent obesity epidemic in our country as the Executive Producer, Creator, and Star of the 13-x national award-winning children’s fitness film program—***Adventures in Oz with Cheryl***. Cheryl combined her creative abilities, perseverance, and faith with her love for kids, exercise, and Oz. Now, children across America “**dance & sing & play**” their way over the rainbow—to a place where dreams really do come true... Really.

Today, Cheryl captures the hearts and minds of audiences as she magically transports them on her eclectic entrepreneurial and spiritual journey from her backyard in Hobart, to Hollywood, to ***The Home Shopping Network***...and more! Here are some of the ways Cheryl has inspired and served her communities: 1) **Honorary Chairman** of the Speaker’s Bureau for *Ovar’coming Together*, 2) **College Professor** at the *University of Indianapolis*, 3) **Radio Show Host** of *Community Link*, 4) **Inspirational Speaker**, and 5) **Spiritual Director**. No wonder folks endearingly refer to her as ...

“the bodybuilder with a brain, a heart, and courage!”

I. Career Highlights:
