CMEC	***Policy for Monitoring the Temperature of Ovens***	Policy 009
Written by: Chris Robinson	Date: October 27, 2026	Page 1 of 1

Policy

1. CMEC requires each laboratory to monitor the temperature of all testing ovens within the laboratory. The temperature of the ovens shall be monitored continuously.
2. The temperature of the ovens shall be monitored by one of the following methods:
    a. Laboratory ovens that have digital readouts are acceptable.
    b. Laboratory ovens without digital readouts shall be equipped with a thermometric device for monitoring the temperature of the oven.
3. The digital readouts and the temperature monitoring devices shall be standardized according to the requirements specified in AASHTO R18.

This is a CMEC Controlled Document and is only valid for 30 days from the date of printing: 10/27/26
