Applicant acknowledges and agrees that the authority to recognize an individual or entity as a special inspector rests solely with the building official of the jurisdiction in which the applicant seeks such recognition. Applicant agrees that it shall have no cause of action or claim against CMEC, or the officers, directors, members and employees thereof (collectively, the "Indemnitees"), arising in any manner in connection with CMEC special inspection agency accreditation or an application for CMEC special inspection agency accreditation or renewal thereof, including without limitation from any denial or delay of this application or from any accreditation given pursuant to this application, whether or not such accreditation is or is not subject to any conditions, or from applicant's failure or inability for any reason to obtain special inspection agency accreditation. If any part or portion of this paragraph, or any application thereof to particular facts, should be determined invalid, the provisions hereof shall be severable so as to achieve for the Indemnitees the maximum legal application. If this application relates to a branch special inspection agency listing or a renewal of an existing accreditation, the provisions of this paragraph shall apply from the date of the first granting of the branch special inspection agency listing, whether upon application or without application by applicant or a predecessor and regardless of: (i) intervening modifications of said listing or modifications pursuant to any application for renewal; (ii) any prior change in the number assigned to the listing; (iii) any prior change in ownership rights in or rights to said listing, or any branch special inspection agency listing, whether one or more, since the granting of said first branch special inspection agency listing.
