| CMEC | **Laboratory Assessment Nonconformity Corrective Action Report** | **FORM 006** |
| Written by: Chris Robinson | Date: October 27, 2026 | Page 1 of 1 |

| **Name/Location of Laboratory:** | **Lab No.:** |
|---|---|

***Please use this form when preparing responses to nonconformities from on-site inspections. Describe in the areas provided the corrective action taken to resolve the nonconformity. Corrective action of nonconformities includes root cause analysis and a plan to monitor the effectiveness of the corrective action. Attach any supporting documentation.***

**Nonconformity**:

**IMMEDIATE ACTION**

**Describe the immediate action taken to prevent this nonconformity from affecting test results:**

**ROOT CAUSE ANALYSIS**

**What is the reason that allowed the nonconformity to happen?** (Answering this question is step one in a process to obtain the true root cause.)

**What improvements to the quality system can be implemented to prevent a similar finding?** (The improvements must address the true root cause identified above.)

**PLANNED MONITORING ACTIVITIES**

**Describe the plan to monitor the effective implementation of the improvement(s) identified above:**
