

THE ESSENTIALS FOR BATHROOM ACCESSIBILITY

Walk-Thru Insert & Cap

STEP IN BATH & SHOWER
CONVERSION SYSTEM

So Simple.

Our high quality products provide a simple solution to life's ever changing dynamics. The quickest, easiest and most economical way to add a step in bathtub with shower to a home.

A SIMPLE SOLUTION TO EVERYDAY CHALLENGES

- Accessing the bathtub is difficult or not possible
- The risk of slipping and falling has increased
- Living independently has become increasingly difficult
- Little disposable income for modifying the existing environment
- Full bathroom renovation wait or turnaround times can be lengthy and can have a significant impact on the intended user
- Moving to a new location or moving to a care facility or retirement home is not feasible
- Facilities requiring modifications to attract new clients with accessibility needs
- Other products don't provide the same bang for your buck - government or other funding cannot be maximized

A SIMPLE SOLUTION

A simple and more affordable way to reduce the users bathtub step over height and risk of slipping or falling. Quick Tub uses the existing bathroom environment and is installed within a couple of hours with little interruption to the intended user.

The Solution.

QUICK TUB WALK-THRU INSERT[®]

Bathroom accessibility, so simple.

The complete line of Quick Tub inserts can convert ANY existing bathtub into a fully accessible shower. This simple product is the quickest and most affordable option for reducing slips and falls when showering.

FEATURES & BENEFITS

- Reductions of up to 12" in step through height
- Aids in slip and fall safety
- Smooth surfaces make cleaning easier and better resembles your bathtub's finish
- All inserts are fully compatible with our Quick Tub Cap which allows for instantaneous changes from shower to fully functional bathtub and back

THE GAME CHANGER

QUICK TUB CAP

Still want to take a bath? No problem.

The patented Quick Tub Cap lets you convert back to a fully functional bathtub in only seconds. This light-weight product (often referred to as a door) maintains full use of your bathtub for both a shower and a bath. Nothing to install, just drop it in place, close the handles and you're ready to go. The zinc cast and chromed handles make securing or opening the cap as simple as it gets. Guaranteed not to leak.

FEATURES & BENEFITS

- Fastest convertible system on the market
- Widest and deepest openings of ANY other convertible system on the market
- Clean, modern design made with best in class materials throughout that will last a lifetime
- Our cap is compatible with many of our competitors' products

AVAILABLE SIZES: The Quick Tub Walk-Thru Insert and Cap are available in Narrow, Wide and Xtra-Deep.

Why Choose Quick Tub?

- Uses your existing bathtub and installed in just a couple of hours
- North American manufactured product
- Industry leading warranties
- 3 Year warranty on product and hardware
- Lifetime warranty on seal
- 5 year warranty on Quick Tub Walk-Thru Insert
- When installed Quick Tub products pair well with grab bars, tub benches and other items to complete any bathroom transformation!
