PROFESSIONALS

THE EXTENSION TO YOUR TEAM

Technology. Operations. Execution.

ABOUT SNI PROFESSIONALS

SNI Professionals is a boutique consulting firm providing technology, operational and advisory services across private credit, private equity, fund administration, accounting, and broader business operations.

We help clients improve workflows, support system initiatives, strengthen operational processes, and add experienced capacity where it is needed most.

FLEXIBLE SUPPORT.

HANDS-ON EXECUTION.

PRACTICAL SOLUTIONS.

OUR SERVICES

System Integration & Implementations
Support system implementations, integrations, and migrations to improve operational efficiency.

System Architecture
Design and optimize technology architecture to support your business and operating model.

Middle/Back Office Services
Support core operations, including funds, portfolio, and investor processes.

Post Implementation Support
Stabilize, enhance, and optimize systems after go-live.

Project Management Support
Provide experienced project management to keep initiatives on track and on budget.

Staff Augmentation
Add experienced resources to your team for projects and day-to-day support.

Operational Assessments
Evaluate current state, identify gaps, and recommend practical improvements.

Vendor Selection
Help you evaluate, compare, and select the right technology and service providers.

Strategic Advisory Services
Provide strategic guidance on operations, technology, and business transformation.

HOW WE HELP

01 Improve operational workflows and controls.

02 Support implementations, integrations, and process changes.

03 Provide experienced resources for projects and day-to-day operations.

04 Evaluate vendors, optimize processes, and execute with confidence.

LET US BE THE EXTENSION TO YOUR TEAM
