Mission & Goals

Mission

Establish and maintain a coordinated statewide prevention and care system that reduces the rate of new HIV infections and connects those living with and affected by HIV/AIDS to appropriate services.

Goals

1. Prevent new HIV infections
2. Improve health outcomes of persons with HIV
3. Reduce HIV-related disparities and inequities
4. Achieve a more coordinated statewide response to end the HIV epidemic

CHPC Members & Committee Process

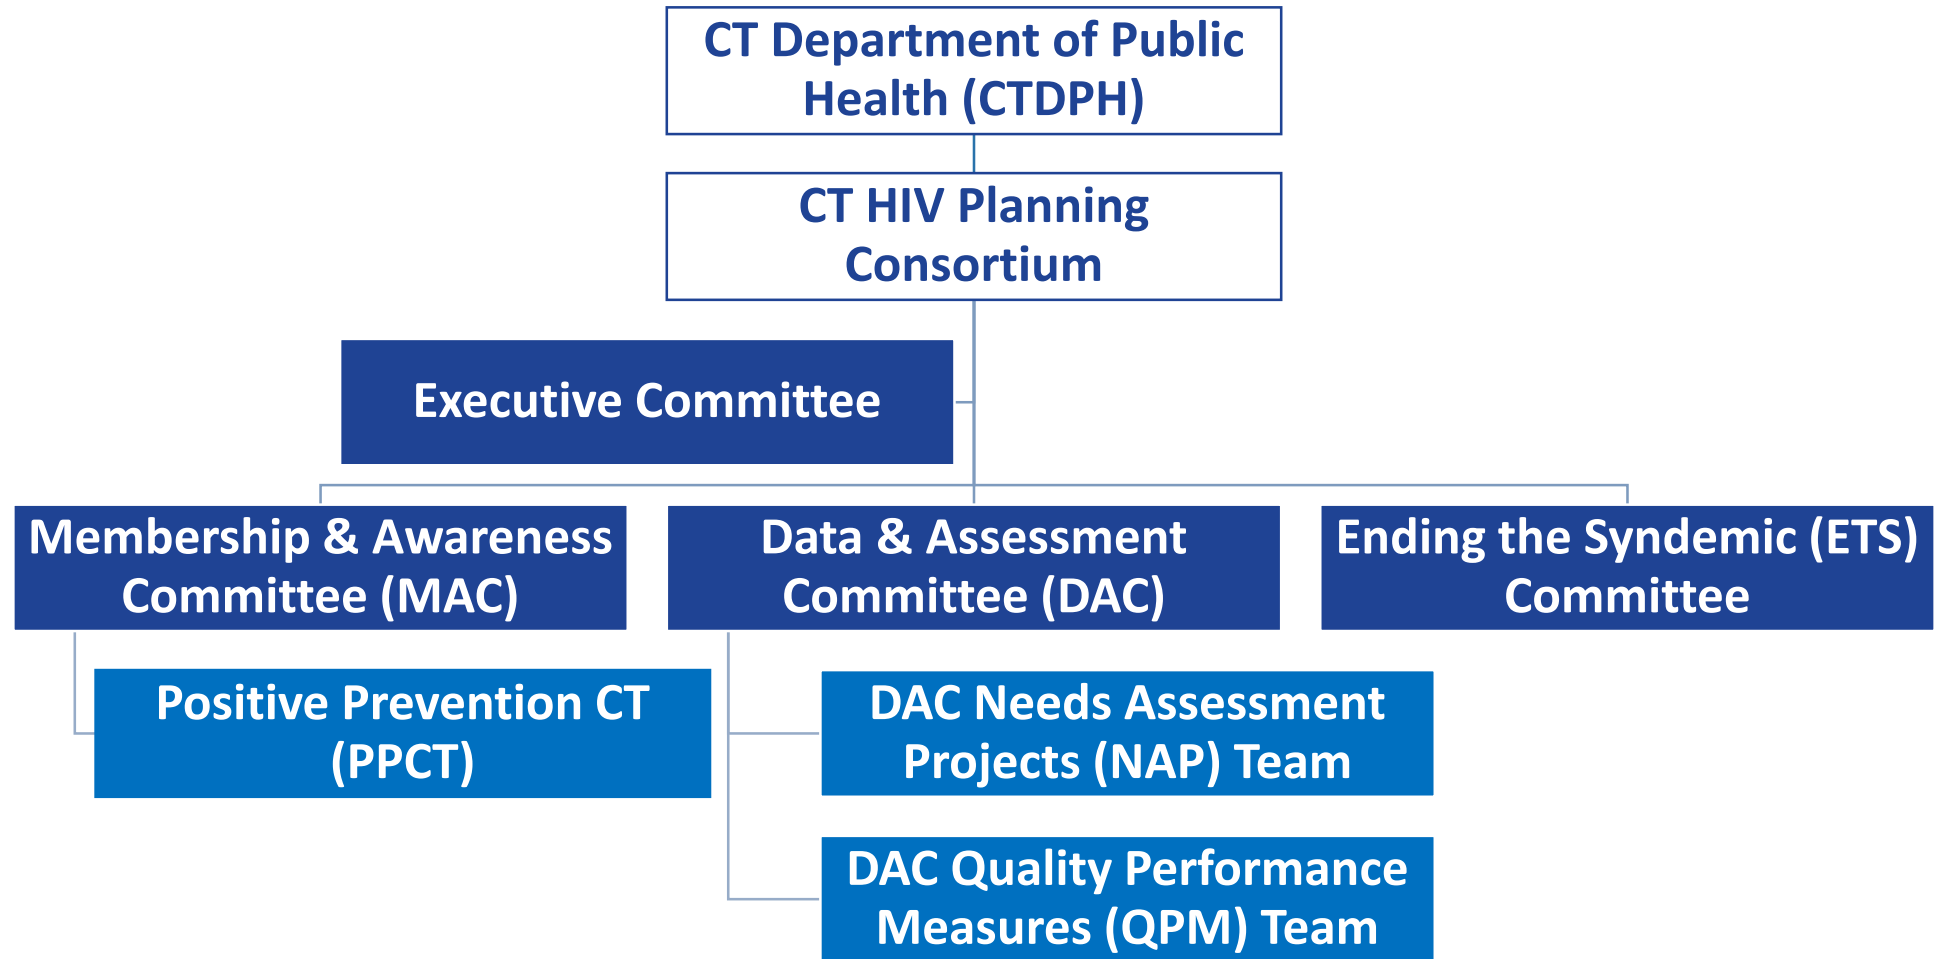

CHPC Members

- We currently have 24 diverse CHPC members who serve two-year terms that can be renewed
- We recruit new members throughout the year and select new members in November and December
- CHPC members are the only individuals who “vote” on CHPC business matters such as meeting notes, election of CHPC Co-Chairs, or the statewide HIV integrated prevention and care plan

Committee Process – ALL Participants

- Five committees and/or teams plus an Executive Committee
- CHPC members lead the committees
- Committees use a consensus approach to increase participation and expand the discussion space to include diverse voice and perspectives – including those from other HIV Planning Groups

CHPC Committee Structure

**CONNECTICUT HIV

February 15	*August 16
March 15	September 20
April 19	**October 18 (**Quality Management Summit)
May 17	*Tentative, Executive Leaders may cancel to give CHPC members and participants a break – especially those involved in RW Part A priority setting and allocation processes)
June 21	

Approach to CHPC Committee Work during November and December

- CHPC committees have expressed a need and/or interest in meeting at least once during November and December to address work related to their specific charge.
- These committees will:
 - Meet virtually
 - Be open to the public – and give CHPC members a chance to explore other committee work
 - Address
 - Unfinished business from 2022
 - Get ready for 2023
 - Supporting priority activities. For example,
 - New CHPC membership (MAC)
 - Routine HIV Testing campaign (PPCT)
 - Routine HIV Testing resources for providers (ETS)
 - Coordinate training events (NAP)
 - Re-engaging people in care (QPM)

Areas of Focus for the Executive Committee

- Conduct final reviews of the HIV Plan
- Organize and prepare for new CHPC member orientation
- Update the CHPC policy and procedures manual
- Review CHPC By-Laws to identify any potential areas for change
- Finalize plan to increase in stipends for eligible CHPC participants
- Review alignment of the CHPC committee structure with the 2022-2026 Plan

Re-imagining the Voice of the People Panel

We planned for the 2022 Voice of the People panel to connect with the syndemic areas of focus in our statewide HIV Plan:

- Sexually Transmitted Infections
- Hepatitis
- Substance Use Disorder (and mental health)

The GOOD news: Throughout the year, we have had CHPC presentations in each of these syndemic areas of focus. These presentations and discussions included persons with lived experience.

The OTHER news: Unfortunately, through our outreach efforts led by MAC, we were not able to generate a high level of interest from persons with lived experience.

Interactive Polls and Exploring the Future of the Voice of the People panel

CHPC leaders decided to “listen to this voice of the people” and take a few minutes today to explore the future of the voice of the people and/or how we could re-imagine it for 2023.
