Are You Prepared for an Emergency?

Sign up for

Rengstorff / Shoreline CERT Team

What is CERT?: The City of Mountain View coordinates disaster preparedness through the City's Office of Emergency Services. Community Emergency Response Team (CERT) training prepares residents to help themselves, their families, and neighbors in the event of a disaster. CERT members receive free training in earthquake awareness, disaster fire suppression techniques, disaster medical operations, and light search and rescue, as well as team organization and management.

Though City CERT classes are suspended due to the pandemic. Our community continues to recruit volunteers and plan for neighborhood CERT activity.

Rengstorff / Shoreline CERT Team: The Rengstorff / Shoreline Community Emergency Response Team (CERT) is one of 19 City defined CERT groupings. Its boundaries encompass all of **Shoreline West** and extend to Rengstorff Avenue between El Camino Real and the Crisanto Ave/Villa St. Many of the members have completed the free city training in CERT, but completing the class is not a requirement to join.

What we Do: The Rengstorff / Shoreline CERT's purpose is to provide assistance to local residents during an emergency when city emergency responders are not available. A priority for CERT during a major disaster is to assist the City of Mountain View Emergency Operation Center by gathering data on damage and conditions within the Rengstorff / Shoreline area so that the city can deploy resources most effectively. An additional benefit is building skills, familiarity, and mutual support among neighbors.

Sign up for Rengstorff / Shoreline CERT Communications: The Rengstorff / Shoreline CERT is always looking for new members. There are no obligations or requirements to be added to the mail list. To be included on the CERT communication distribution list, please fill out the form below or send an e-mail to Jonathan Davis at jongdavis@gmail.com
