

Crosses of the UK

I made my squares bigger since they are going to be trimmed.

Press toward the triangles as indicated. I pressed the long seams in the final block open

60 Degree Triangle

You can use the template or I have made a FPP sheet.

Checkerboard panels

Cut 1.5" squares from your chosen solid, pair them with a variety of 1.5" squares (you will also need 1.5" neutral squares for later)
