

SOLAR PRO 300 TW/CW

Solar Pro 300 TW/CW with a robust 300W LED profile and the choice between 3200K or 5600K color temperatures, it's a beacon of versatility and precision. Designed to blend compactness with formidable power, Solar Pro 300 TW/CW illuminates every scene with captivating brilliance.

Optical System

Light Source: 300W LED

Beam Angle: 19°, 26°, 36°, 50° for option

Specifications

Control: DMX, Master/Slave, Self running mode

DMX Channel: 2/6/7 Channels

Dimming: 0 - 100%

Strobe: 0 - 20Hz

IP Rate: IP20

Size: 720x340x310mm

Net Weight: 9kg

Gross Weight: 11kg

Housing Case: Die cast aluminium

Body Colour: Black

Electrical Parameters

Voltage: AC110-240V, 50/60Hz

Power Consumption: 300W

Features

Focus: Manually adjustable
