

NOVA 660FS TW/CW

Nova 660FS TW/CW is a versatile 660W LED Follow spotlight designed to meet the demands of professional lighting applications. With a precise zoom range of 9-45 degrees, it seamlessly transitions between beam and follow spot functions. Equipped with beam, focus, strobe, and iris capabilities, it offers unparalleled flexibility for creating dynamic lighting effects.

Optical System

Light Source: 660W TW/CW LED

Colour Temperature: 3200K and 5600K optional

Zoom Angle: 9° - 45°

Specifications

Control: DMX 512, Manual mode

Channel: 2 channels

Dimming: 0 - 100% linear adjustable

IP Rate: IP20

Net Weight: 13.7kg

Gross Weight (with flight case + stand): 45kg

Housing Case: Die casting aluminium

Electrical Parameters

Voltage: AC110-240V, 50/60Hz

Power Consumption: 660W

Features

Colour rendering index(CRI): Ra 92

Projection Distance: About 50 meters

Optics: 4 groups of Glulam glass optics
