

Desert Spring Spa

Menu of Services October 2020

All facials will be customized to your skin type, conditions and your goals using Skin Script naturally corrective, plant-based, skin care products. Your healthy and luxurious facial will include green tea, antioxidant steam towels and a facial massage using non-comedogenic jojoba oil. Skin Script home care products are available for purchase to extend the results of your treatment. *Results you can see!*

Basic Custom Facial **\$80.00**

Your custom facial includes Green Tea Citrus Cleanser, exfoliation, a hydrating and nourishing mask, jojoba oil massage, and green tea antioxidant steam towels. You will feel clean, refreshed and renewed. A great way to begin or to enhance your skin care routine. 60 minutes.

Basic Custom Facial with Machine **\$100.00**

Jump start reaching your goals by including Microcurrent, Microdermabrasion, Radio Frequency, High Frequency, or LED Light Therapy. Our skin assessment and consultation will determine the most appropriate selection.

Enzyme Facial **\$90.00**

Skin Script's natural line of enzyme products dissolve dead skin cells, enhance blood circulation, increase cell renewal and support dermal tissue strength. The enzyme is selected based on your skin type and current treatments. Options include passionfruit, lemon zest, cherry, blueberry, pomegranate and raspberry peach to name a few. These can be combined to address combination skin and hyperpigmentation. 60 minutes

Enzyme Facial with Machine **\$110.00**

The raison d'être of the facials! With the aggressive benefits of the enzyme treatment combined with a machine enhancing and targeting toning and texture, you will experience lasting effects with this dynamic duo.

Chemical Peel **\$110.00**

Boost your cell renewal, stimulate collagen, exfoliate and brighten your skin with this advanced treatment. Skin Script also carries a chemical peel to address hyperpigmentation, done in a 8-week series. An assessment, goals and strategy will be part of a chemical peel consultation and patch test required prior to this treatment. Please call to schedule.

Desert Spring Spa

Menu of Services October 2020

Epidermal Leveling \$110.00

A treatment using a blade to manually exfoliate the skin, remove fine hair, creating a smooth texture. Epidermal leveling helps enhance your home care routine and results in clear and glowing skin.

Back Treatment \$90.00

Why not give your back a facial? This is a luxurious treatment which includes a cleanse, exfoliation, massage and hydration for your back. Add hot rocks for the ultimate relaxation.

Back Treatment with Hot Stones \$100.00

Body Contour \$100.00

Treat stubborn pockets of fat with this noninvasive treatment. This fat-busting, skin tightening treatment also helps build collagen by engaging the skin's deeper layers. Best results are when done in a series and in conjunction with drinking a lot of water and continuing to maintain your exercise routine. This Radio Frequency treatment is designed to enhance exercise, not replace it. Results you can see.

Microcurrent Session \$75.00

This treatment ignites cell stimulation and sets a standard for non-invasive long-lasting, natural facial lifting and toning results. This powerful treatment provides anti-aging, cellular repair, muscle re-education, skin firmness and tightening benefits. Results you can see! Includes mini facial.
