What the Grassroots Arts Program Funds

The Sampson Arts Council is required to subgrant 50% of their Grassroots allotment to:

- **multicultural organizations:** the organization does not have to be an arts organization, but the funds must be used for arts programming.
- **other non-profit organizations:** to hire artists or ensembles of color (African American, Asian American, Latino, and Native American cultures) to conduct arts programs.

If unable to subgrant all funds, the SAC will use remaining funds to hire artists or ensembles of color to conduct arts programs.

North Carolina Arts Council Priorities for Funding

The first priority of the Grassroots Arts subgrant program is to provide operating or program support to qualified arts organizations including theaters, symphonies, galleries, art guilds, choral societies, dance companies, folk arts societies, writer's groups and arts festivals, among others. Grassroots funds are not generally awarded to arts organizations that receive funding through the N.C. Arts Council's State Arts Resources.

The second priority of the Grassroots Arts subgrant program is to support arts learning and arts in education programs conducted by qualified artists. These can be artist residencies in schools, after school summer camps or adult arts learning classes.

The third priority of Grassroots Arts subgrants is to support community, civic and municipal organizations that provide quality art experiences for the greater community. These programs must be conducted by qualified artists.

Funding Policies

- Tribal organizations that receive grassroots funds must represent state or federally recognized tribes.
- Colleges, universities and libraries may receive grants for arts programs that are community based or generate regional arts involvement. Grants may not support

their internal programs, administration or operation expenses (library books, band boosters, equipment purchases).

- Subgrants may not be awarded to individuals or to organizations for prizes, including scholarships and financial awards.
- Grassroots funds may not be used for art supplies or equipment.
- Religious organizations or churches may not receive grassroots funds unless the programs are presented outside regular church services, engage the larger community, and do not contain religious content.
- Grassroots funds may not be used for activities associated with a school's internal arts programs such as in-school student performances, the purchase of art supplies, or student arts competitions and publications.
- Municipalities (city/county government) may receive grants for arts programs which use qualified artist to conduct programs that involve the greater community. Grants may not support internal programs, administration, or operating expenses.

Grassroots Arts Program money may not be used for the following kind of expenditures:

- Art, music and dance therapists
- Fundraising events
- Artifacts
- School band activities or equipment
- School choral activities
- Purchase of artwork
- Purchase equipment or art supplies
- Interest on loans, fines or litigation costs
- Capital expenditures or equipment
- Lobbying expenses
- Contingency funds
- Oral history and history projects
- Deficit reduction
- Tuition for academic study (scholarships)
- Food or beverages for hospitality or entertainment functions

Matching Requirement

All subgrantees must match their grant amounts dollar for dollar. The funds must come from other public or private sources. Other N.C. Arts Council funds cannot be used as a match. Contact Kara Donatelli at 910-596-2533 or director@sampsonarts.org with questions.

Meeting the Racial and Cultural Diversity Requirement

The NCAC works to provide a representative portion of grant funds for arts programming that reflects the racial and cultural diversity of the state. As a central strategy for achieving this objective, we require that each Grassroots partner spend a percentage of its annual county allotment for programming that reflects African American, Asian American, Latino, and Native American cultures. The percentage is determined by calculating the portion of each county's population made up of African American, Asian American, Latino, and Native American people.

North Carolina Arts Council Recognition

Subgrantees must acknowledge the N. C. Arts Council's support of their event or projects by including the N.C. Arts Council's logo, and funding credit line in all print and promotional materials related to the grant. The N.C. Arts Council's Website offers information and downloadable logos, at <http://www.ncarts.org/Grants/Logo-Use>

Reporting Requirements

Each subgrantee is required to submit a final report providing a detailed description of the funded project, participation statistics and demographics, sample marketing and program materials using the N. C. Arts Council credit line and logo, and copies of their legislative letters. The Subgrant Report form can be downloaded from the N. C. Arts Council Web Site at <https://www.ncarts.org/resources/local-arts-council-resources>. Look for **FY 2022-2023 final report for Grassroots Subgrantees.**

Final reports must be mailed or hand delivered to the Sampson Arts Council by **June 15, 2023.**

Legislative Letters: Applicants may be required to write their state representatives to thank them for appropriating Grassroots funds. If required, the letter should provide information about how Grassroots funds were used to support your program or project, and the community impact of the event. A copy of all letters to legislators must be included in the subgrantee's final report.

How Subgrant Applications are Evaluated

Subgrant applications are reviewed by a diverse panel of community members including artists, county and public officials and board members of the Sampson Arts Council among others. The panel evaluates applications based on the subgrant guidelines and the following criteria:

- Artistic quality of proposed project or programs
- Community impact of project or programs
- Multicultural aspect of the program, if applicable
- Educational impact of the project
- Ability to plan and implement project
- Stability and fiscal responsibility of the organization

Panelists discuss and score the grant using an established rating system. The subgrant panel's funding decisions are then presented as recommendations to the Sampson Arts Council's board of directors. The board of directors votes and gives final approval to the subgrant panel's recommendations.
