ATOM-CARD

SLIM WIEGAND 26 ACCESS CARD
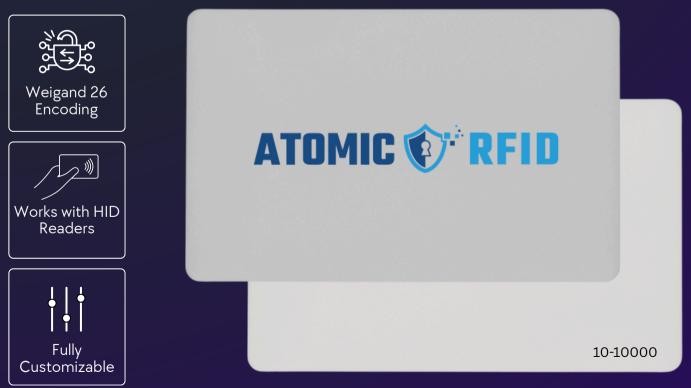

ATOMIC RFID

The ATOM-CARD is a slim Wiegand 26 access card crafted for secure gate and door entry in gated communities and facilities. With the Atomic RFID logo on the back, it supports custom facility codes, card ranges, and printed designs to fit your system. Its 125 kHz tech delivers steady reads up to 3.5 inches—a portable, durable card built for effortless access control.
