WNC Edutech Goals

Develop appropriate programs to meet the needs of the community, especially in relation to high demands and future regulatory standards.

Formulate strategies to address local and national interests within an ever changing and demanding society.

Create a support infrastructure that is capable of satisfying the needs of clients within a timely manner.

Maintain an efficient and comfortable environment that welcomes our clients with excellent, updated offerings.

Provide integrated approaches that encourage a positive tomorrow.

Ensure immediate response for emergency issues.

Information Technology

There are many facets of WNC Edutech. One is that of IT service and repair. We can help make IT computer/server issues the least consuming part of your day, either at your office or home. We do that by leveraging the best technology available to prevent issues from becoming breakdowns. We bring our clients values and superior service knowing that keeping their systems running is our primary concern and goal.

We also have a variety of classes and certifications on many topics, or we can offer custom on-site training for your organization.

CERTIFICATIONS AVAILABLE

- Comp TIA A+
- Comp TIA Network +
- Cisco Certified Network Associate
- Microsoft Office 2010

TRAINING OFFERINGS IN:

- Computer Basics for all ages!

Allied Health Training Certification

In addition, we offer career focused review and national certification affiliation for high demand medical fields. If you have been in a health care position, but haven't been able to grow within the position, or feel it is time to upgrade your skills, then WNC Edutech is your source. We will work with you to determine what areas you need to enhance, and will prepare you to sit for your national certification exam in a timely manner. Through career-focused education in high-demand technical/medical fields, we have developed training to meet the goals and requirements for your success.
