

# BACK TO LEAGUE CHECKLIST

## Evaluate Your Arsenal

We will perform a full evaluation of all your current bowling balls and recommend a new bowling ball or surface changes to your existing balls to make sure you're ready for every lane condition. We have in-stock balls from all the major manufacturers and can place special orders as well. We even have used balls that can save you a lot of money! **Every ball purchased at Ten Back Bowling Solutions includes FREE standard drilling.**

- FREE Ball Arsenal Evaluation
- Ball Resurfacing
- New Ball
- Used Ball

## Grip It and Rip It!

The way your ball fits is vital to consistent shot making and for preventing injuries to your hand. Let's get your fit perfected.

- Finger Grips** – Grips wear down after time. Is it time for a new pair?
- Tape** – Tape can give you fit flexibility if your thumb or fingers tend to swell while bowling. Textured tape can also help with your feel and gripping power in the ball.
- Interchangeable Thumb** – Interchangeable thumbs are a great option for consistent feel from ball to ball.
- Rosin Bag/Grip Sack** – No sweat! Make sure your hands are dry each frame – we have several options for you!

## It's In the Bag

Whether you're walking into league night with one or two balls or bringing in a full-fledged arsenal, we've got you covered with the right bowling bag. Lots of colors and styles in stock!

- One-ball bag
- One-ball roller
- Two-ball bag
- Two-baller roller
- Three-ball tournament bag
- Three-ball roller
- Four-ball stackable roller bag

## Slide Into Success

Your bowling approach is a key component to your game – the right shoes can help. Plus, you gotta look good on the lanes, right?

- New Shoes** – We have many styles in stock, but we can also order from a variety of manufacturers to fit your style.
- Interchangeable Soles** – We have a range of soles that will either help you hit the brakes on icy approaches or slide like Teflon on sticky ones.
- Interchangeable Heels** – Changing heels to complement your interchangeable soles allows you to really customize your slide.
- Shoe Brush** – Keep your shoe bottoms clean and debris free with a handy brush. Also good for adding or reducing friction on your sole/heel.

## Keep It Clean

The surface of your bowling ball is like a sponge – it absorbs oil and dirt every time you bowl. This can greatly affect ball motion and striking power. We can clean your ball or provide you the tools you need to DIY.

- Pro shop ball cleaning
- Pro shop ball polishing
- Ball cleaner
- Ball polish
- Ball towel
- Cleaning shammy
- Resurfacing Pads

## Accessorize!

Complete your set up with other bowling accessories you need for the new league season.

- Wrist brace/Wrist Guard
- Kinesiology tape
- Ball cups
- NFL-themed shammy
- Shoe covers
- Ball caddy
- Ten Back Bowling Solutions T-shirt
- Ten Back Bowling Solutions jersey

Bring in your completed **Back To League Checklist** and get a cool bowling sticker, and you'll be entered into a drawing for a custom **Ten Back Bowling Solutions** jacket!
