Products Made From Hemp

Hemp is now legal in the U.S. for the first time in more than a century, and in the not-so-distant future, hemp products will become the new norm on retail shelves.

Just how many hemp products currently exist? More than we can list.

Forbes recently reported that more than 25,000 products are [currently made from hemp](#).

Perhaps no other plant on the planet comes even close to having the number of uses that hemp does.

Following is a cross section of the plethora of products that can be made from hemp.

Hemp Foods and Beverages

Some experts suggest that the hemp food and beverage market is the future of hemp. It makes sense. Not only are hemp seeds extremely healthy, but CBD edibles are quickly becoming one of the most desirable ways to get a regular, perfectly measured serving size of the popular cannabinoid.

1. Hemp Milk

Hemp milk contains more calcium than cow's milk and also contains protein and essential
