

SHIFTING THE TIDE

— PERIO STUDY CLUB SERIES —

THE SHIFT

Everything changes when
you *simplify perio.*

1 TEST

Bleeding or pockets?
Take a MicrobeLink Dx
test.

2 CLARITY

Identify the bacteria.
Get clear, actionable
insights.

3 TREAT

SRP + Perio Protect® trays.
Antibiotics when indicated
based on results.

4 SUPPORT

Follow up in
6 weeks – 3 months.
Ongoing care.
Stronger results.

Simple perio. Real results.

WHERE SCIENCE MEETS IMPLEMENTATION

A SIMPLE APPROACH THAT WORKS

- ✓ Bleeding / pockets → TEST
- ✓ Results → TREAT + TRAYS
- ✓ Re-evaluate (6-12 weeks) → SUPPORT

A simple path to better outcomes.
