ONRI's MISSION STATEMENT:

Oregon Natural Resource Industries is a non-profit 501c6, our mission is to support, educate, defend, and protect natural resource jobs, families, communities, and businesses. We advocate for the working men and women whose livelihoods are based in natural resource industries, including but not limited to foresters, loggers, ranchers, truckers, miners, fishers, and farmers.

VISION:

ONRI's vision is an Oregon where the people can enjoy economic growth while utilizing their natural resources in an environmentally sustainable way that protects our communities for generations to come. We know that if you're more engaged and connected, our State is better. We want to motivate and inspire you to be engaged and be your resource for getting connected and staying informed.

ONRI's GOALS

- Gain the trust of The People through dedicated and constant engagement and results
- Connect people to politics in a way they can understand, we need to be involved with those impacting our lives
- Bring solutions, experience and knowledge to the table to solve natural resource problems facing our state
- To rebrand the natural resources as the true stewards of our forests, sea, and soil
- To restore pride, dignity, and enthusiasm in Oregon's future
- Educate and inform our members of legislation that affects their natural resource industries
- Protecting rural Oregon's way of life and culture.

BOARD GOALS

- Remember we are a member driven organization and we are The People's voice
- Board diversity, with different natural resource industries being represented all having a voice at the table
- To maintain clear communication with its members and to be transparent at all levels
- Build a calendar with open member meetings quarterly, and increase member involvement
- To always be aware of current happenings at the state and local level
- Take viable action on behalf of the members
- Be pro-active with legislation to move Oregon forward
- Making the time to be involved and being productive
- Be ready as a resource and boot-on-the-ground help when/if disaster strikes.

Please feel free to reach out to any Board member.
