

Livfria®

At Clinisupplies,
we are transforming
products and services
to help people with
continence challenges

**live more
freely.**

Because **confidence** matters.

The challenge.

Bladder and bowel conditions
can seriously affect
**physical,
psychological and
social well-being.**

Lack of support
can have a profoundly
**negative
impact**
on patients, families and carers.

Continence challenges
can affect your daily life.
**Lack of product
innovation**
compounds these issues.

Designed for your patients.

“

It's gives me the **confidence** and **freedom** to live without worry. You're not just constantly checking your lap, you can just get on with life.

”

“

It feels more **comfortable** and **fits more naturally** around the leg.

”

“

The **security** of the tap was really important to me, I felt **very secure**.

”

Introducing our next generation urine collection devices.

Livfria®

Technology, patient insight and innovative product design combine to bring you a **unique range** of products promoting **security** and **discretion**.

using a traditional leg bag

28
days

Closed-link system using
Livfria® Click-Close Connector

The next generation of Leg Bags.

Livfria® Leg Bags

with Click-Close Connector

One box of leg bags comes with:

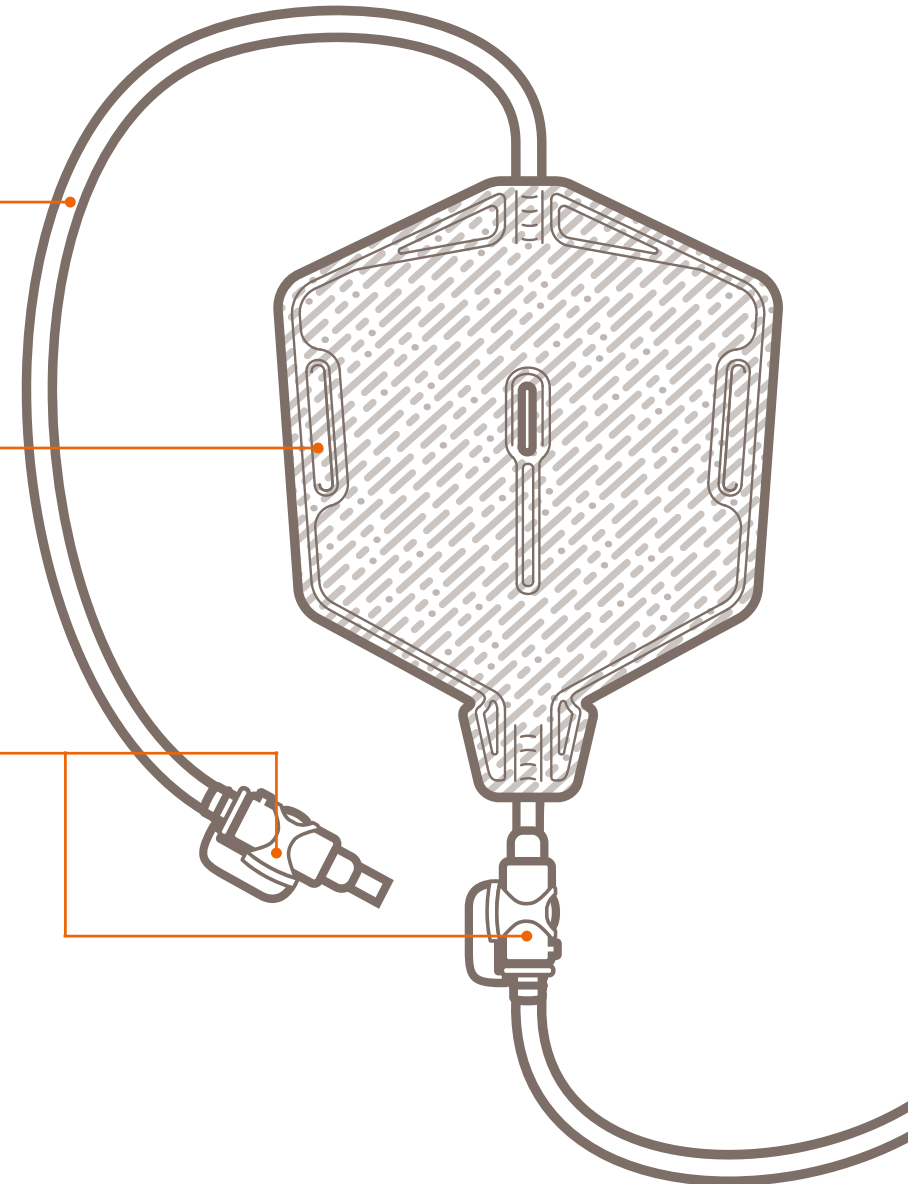

- 10 Livfria® Leg Bags
- 2 Livfria® Click-Close Connectors
- 1 Livfria® Leg Bag Strap

Available in **Discreet** or **Semi-Transparent** styles.

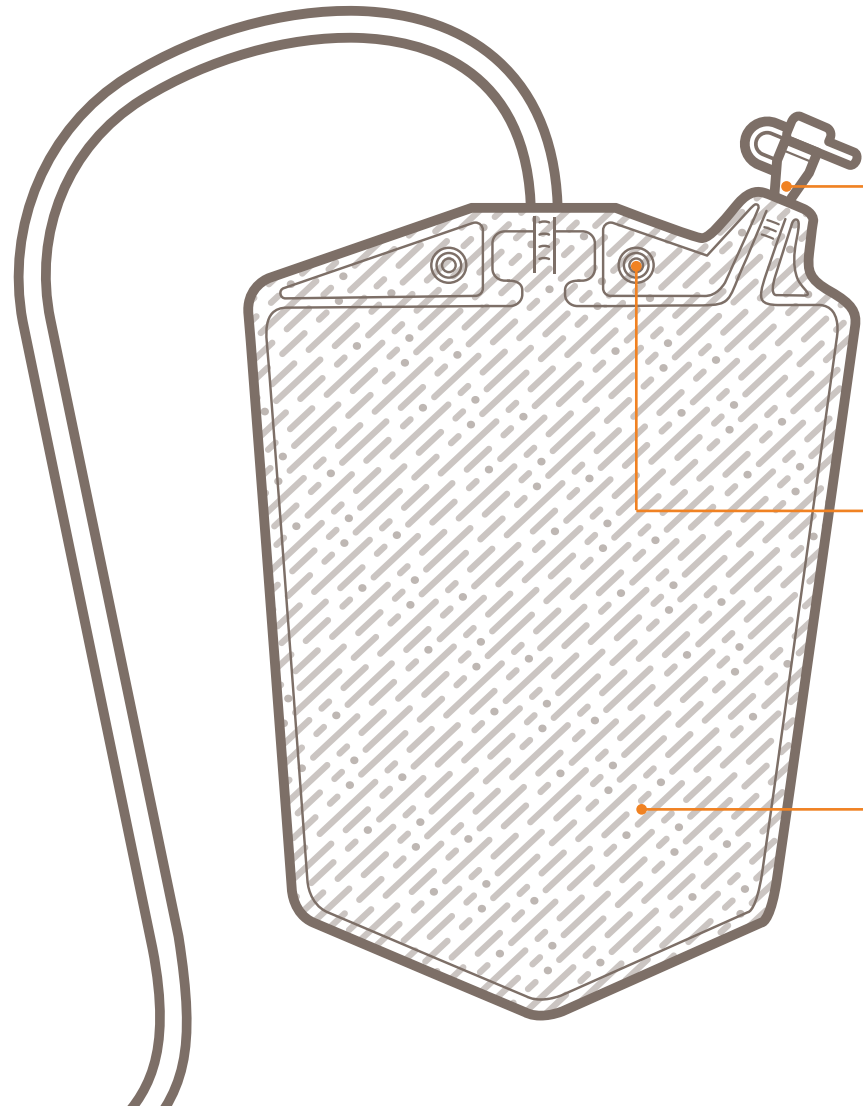

Livfria® Leg Bags are available in short or long tube depending on your best fit.

Livfria® Leg Bags can be either discreet or semi-transparent depending on your specific requirements.

Click-Close Connector connects Livfria® products together for security.

The **next generation** of Night Bags.

Livfria® Night Bags are reusable for up to 7 days. Use the drainage tap at the top to empty.

Reinforced eyelets make it easy to hang or place the night bag on a stand.

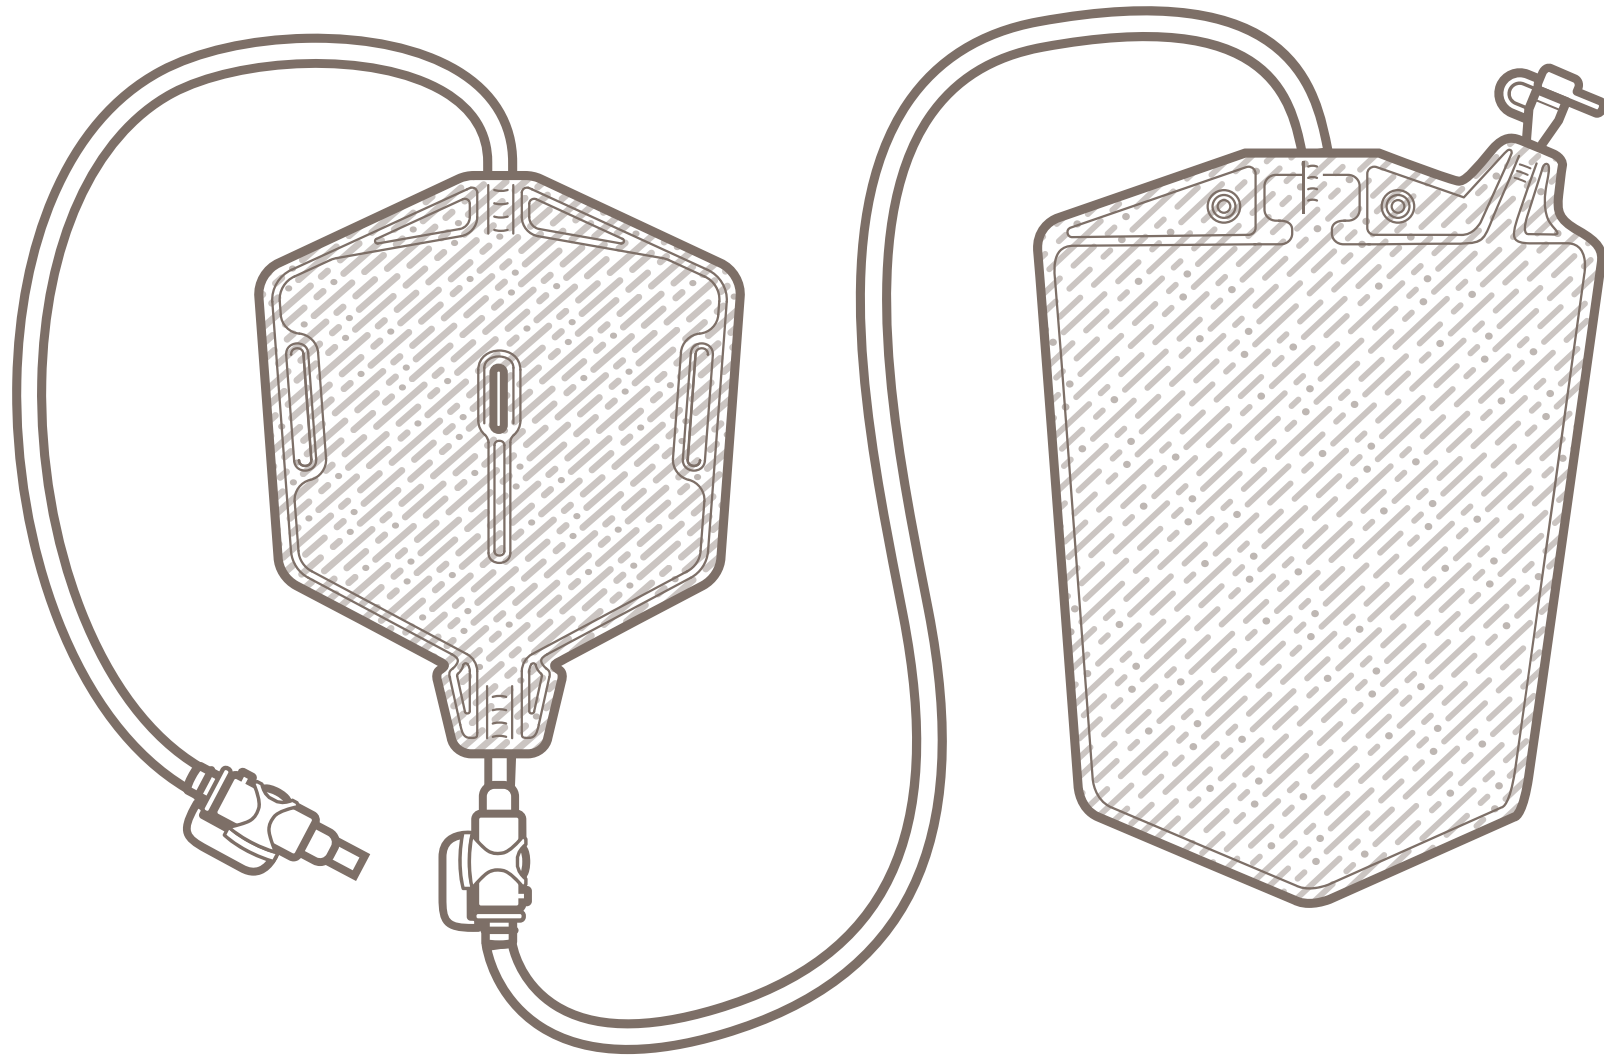

Regular and Extra-large night bags are available depending on your needs.

Livfria® Night Bags

One box of night bags comes with:

- **10 Livfria® Night Bags**
- **2 Livfria® Click-Close Connectors**
- **You also can choose without connectors**

Complete system.

Complete confidence.

Innovative features and benefits.

Livfria® Leg and Night bags are **more discreet** than traditional leg and night bags.

Livfria® has a unique Click-Close Connector that creates a **secure connection** between products.

The Livfria® **Click-Close Connectors** maintain a closed-link system up to **4 times longer** than traditional leg and night bags.

Livfria® Leg Bags can be either **discreet** or **semi-transparent** depending on specific requirement.

Livfria® uses one, much wider, leg bag strap for **increased comfort**.

Livfria® Leg Bags can be folded upwards for **extra security** when worn.
